Thirty-six employees of The C. H. Musselman Co. were presented with certificates marking completion of 25 or more years of service as employees of the company at a special "Fiftieth Anniversary" dinner held by the fruit processing concern at the Hotel Gettysburg Wednesday evening.

President John A. Hauser, in presenting the certificates, said the group will be given lapel pins later and that "this marks the first of continuing series of such events at which those who complete 25 years of service will be honored. The C. H. Musselman Co. is honored that it is able to attract the loyalty of the good men and women such as are honored here tonight."

### Three-Tier Cake

The inauguration of the program of honoring those who serve 25 or more years with the company was held as part of the celebrations this year marking the 50th anniversary of the founding of The C. H. Musselman Co.

A highlight of Wednesday night's dinner was the presentation of a 50th anniversary three-tier birthday cake to President Hauser and Mrs. C. H. Musselman, who with the aid of others had the pleasant task of "blowing out" the birthday candles.

### Stauffer Presents Workers

Allen S. Stauffer, director of public relations, announced the employees who had served 25 or more years, gave brief statements on each service, and presented them to President Hauser who in turn presented them with their certificates.

Oldest of the employees honored Wednesday in point service, was J. Pierce Hollabough, who joined the company in 1910, three years after it was founded.

Second oldest in point of service was Roy M. Bittinger, who became an employee in 1921.

### Others Honored

Others honored were: Glen A. Slattery, Sr. and Edward D. Miller, who started with the company in 1923; Robert B. Miller Jr., 1924; Elmer J. Yoder and Toney A. Clapp, 1925; John E. Thomas, Franklin C. Weaver, Paul G. Grim and William E. Morrison, 1926; Lloyd H. Cooley and Roy J. Miller, 1927; Earl W. Crum, Pearl H. Bream, Clair M. Kennedy, Leroy G. Crist, Della R. Swartz, 1928; Lloyd A. Decker, Harry R. Carter, Clifford Sible, Fred F. Swartz, Anna M. Bohrer and Herman M. Phelps, 1929.

Honored in the 1930 group were: J. Forrest Kanagy, Kenneth S. Alwine, Robert F. Bittinger, George W. White, Mervil T. Rowland, Fred L. Everhart and W. Harold Bosselman. The pin and certificate of J. Willis Beidler, who joined The C. H. Musselman Co. in 1930 and who died suddenly several months ago, will be presented to his family, Stauffer said.

In the 1931 group were Zell U. (Continued On Page 3)

## DR. C. N. ELLIS LAUDS CHM CO. AT DINNER HERE

The following is a general resume of the address delivered at The C. H. Musselman Company golden anniversary dinner in the Hotel Gettysburg Wednesday evening by Dr. Calvert N. Ellis, president of Juniata College, Huntingdon, Pa.

"I must pause to make a few personal references. In 1921 I made my first trip to Waynesboro to visit Elizabeth Wertz. It wasn't very long thereafter that my future father-in-law, David Maurice Wertz, of Waynesboro, told me about C. H. Musselman. We have watched with fascination and interest the development of the C. H. Musselman Company. Mr. Wertz appreciated that the Cumberland Valley had a modern processing plant for apples and cherries when many other parts of the country did not have such plants. Our earliest Montmorency cherry trees came from Mr. Musselman.

It was my privilege to have met Mr. Musselman on a number of occasions and I congratulate this organization on the progress which it has made and the contribution to your community and to agriculture it has made in this part of the United States.

**Tribute To Hauser**  
It is a special honor to meet here this evening with Mrs. Musselman and with her daughter, Luella Musselman Arnold.

May I offer one final personal word. In 1949 when my father-in-law died, I found myself in the fruit business after having spent all of my previous life in academic circles. With a wonderful organization of loyal associates we have carried forward the D. M. Wertz Orchards. Since 1944 Jack Hauser has led and carried forward the work of the C. H. Musselman Company. I must pause to pay tribute to

## VFW SEEKS TO TOP '56 TOTAL IN MEMBERSHIP

Membership in the Gettysburg Post 15, Veterans of Foreign Wars, now totals 516, just 57 less than the total membership last year, Commander Patrick D. McDermitt told the post at its meeting Wednesday evening at the post home on E. Middle St.

As a result, he said, a special volunteer committee will check with delinquent members to determine whether the post can exceed its last year's total membership by May 15.

Commander McDermitt announced the appointment of John Greiner as chairman of poppy sales over the Memorial Day weekend. George C. Fissel was named by the commander as an assistant adjutant.

**To Vote On Dues Increase**  
Members will vote May 2 on whether to increase the annual dues from \$4 to \$6. It was decided. The increase in dues is necessary, it was held at the meeting, to permit payment of \$1 of the amount to the home association, \$2.60 per year for the state and national per capita dues, and a planned 86 cents per member to go into a life insurance program providing death benefits.

John Murray was named chairman of a committee to secure potential blood donors for the ill wife of one of the members. Murray, a past president of the Home Association, presided at the meeting of the home association in the absence of President John E. Kerigan.

**Social Memberships Up**  
The possibility of social memberships in the organization was discussed with a committee comprising Francis Wisorkey, George Fissel, Raymond Strohm, Patrick D. McDermitt and Arthur J. Roth

## DENIES IN COURT HIS 'CONFESSION' IN ARSON CASE

It cost Joseph Lewis King, Baltimore, \$18.50 this morning to break one of the flowering crabapple trees placed by the Chamber of Commerce on Lincoln Square.

King was arrested by borough police early this morning for breaking a tree close to Carlisle St. at Mitchell's Restaurant. King broke the year-old tree, which was beginning to develop blossoms.

Brought before Justice of the Peace Robert P. Snyder at 4 o'clock this morning he paid a fine of \$10 for destroying property, costs of \$6.75 plus \$2, the cost of the tree.

Snyder told King he hopes "this is a lesson to young men to keep them from trying to destroy things when people of a town try to beautify their community."

## ROBBERY NETS MORE THAN \$500

Burglars stole more than \$500 from the Cross Keys Drive-In theater when they broke into the office there early Wednesday morning, state police said today.

The officers are continuing their

# BULGANIN SENDS NOTE TO BRITISH ON ARMAMENTS

**LONDON** — A long amicably phrased letter from Soviet Prime Minister Bulganin to Prime Minister Macmillan on disarmament, the Middle East and European peace aroused no perceptible enthusiasm in Britain today.

The British Foreign Office was said to consider the letter friendly in tone but not necessarily significant. Bulganin has communicated his views in long personal letters to the U.S. British and French chiefs of government at intervals since the Geneva summit conference in 1955.

**Press Reaction Cool**

British press reaction was generally cool to the Soviet Premier's latest.

Soviet Ambassador Jacob Malik delivered the 8,000-word communication to Macmillan over the weekend Moscow radio broadcast the text this morning.

To relieve the present "undesirable aggravation of international tension," Bulganin set forth a number of proposals. None varied greatly from Soviet policy expressed in recent months.

**His Recommendations**

His main recommendations included:

1. "Immediate banning of atomic and hydrogen weapon tests."

The letter recommended that the

question of the tests "be separated from the general problem of disarmament."

Now discussions on the proposal made in 1955 by then Prime Minister Eden for the creation of demilitarized "sanitary zones" in Europe. Bulganin also called for companion talks on such "corresponding" Russian proposals as that for a 1,000-mile aerial survey zone centered on the Iron Curtain. Bulganin envisioned these as steps toward an all-European system of collective security to replace the NATO and Warsaw pacts.

The great powers should join in "denouncing the use of force" to settle disputed issues in the Middle East.

4. British-Soviet talks to expand trade and "cultural and scientific-technical" exchanges.

**His View Of Causes**

"We believe," Bulganin said,

that the present tension in the

Middle East is due, above all, to

the unwillingness of certain circles in Great Britain and some other countries to take into account the legitimate interests and

rights of the countries of the Arab

world which took the road of national independence and regeneration."

He asserted that the tasks of safeguarding an enduring peace" in the Middle East call for the great powers to "adhere strictly to the principles of the peaceful settlement of all their disputes connected with the area." They also must respect the sovereignty and independence of Middle East countries and "not interfere in their domestic affairs," he said.

It was generally assumed that

## FIND JUDGES DO NOT WORK HARD ENOUGH

**PHILADELPHIA** — Judges don't work hard enough and a small number of lawyers has far too many cases, a team of University of Pennsylvania Law School professors say.

The professors have just completed a yearlong survey of civil procedures in the courts of Philadelphia and six other counties. The study was made by the university's Institute of Legal Research.

A spokesman for the institute said the same situation exists in many other states.

**"Substantial Waste Of Time"**

Lawyers working on the study spent several weeks as observers in Philadelphia courtrooms. They reported that judges averaged 3 hours and 56 minutes on the bench during jury trials and 2 hours and 25 minutes when hearing trials without juries.

This, the report said, was a "substantial waste of time by the common pleas courts."

Trials were interrupted by judges' out-of-town trips, faulty preparation by attorneys, telephone calls and ventilation of a courtroom, the survey reported.

The study turned up 579 cases not completed after three years and some still hanging after seven years.

The professors said 11 law firms are involved in 40 per cent of Philadelphia trial cases. The report states that judges must take more stringent steps with lawyers who have more cases than they can handle and aren't getting their clients' suits before the courts.

The report recommended that judges give "little cases" (where a citizen is suing for \$500 or \$1,000) an even break in being brought to trial with the large corporation cases.

The six other counties studied were Allegheny, Dauphin, Carbon, Wayne, Franklin and Montgomery.

Mrs. Norman Miller held an Easter egg hunt on her lawn Sunday. Clair Ziegler was the youngest participant, being 15 months old.

The Reformed Sunday School held an egg hunt Saturday after-

noon, following its usual practice when dealing with the Soviet Union, would consult with the United States and France before replying to Bulganin's letter.

## BULGANIN SENDS NOTE TO BRITISH ON ARMAMENTS

question of the tests "be separated from the general problem of disarmament."

Now discussions on the proposal made in 1955 by then Prime Minister Eden for the creation of demilitarized "sanitary zones" in Europe. Bulganin also called for companion talks on such "corresponding" Russian proposals as that for a 1,000-mile aerial survey zone centered on the Iron Curtain.

Bulganin envisioned these as steps toward an all-European system of collective security to replace the NATO and Warsaw pacts.

3. The great powers should join in "denouncing the use of force" to settle disputed issues in the Middle East.

4. British-Soviet talks to expand trade and "cultural and scientific-technical" exchanges.

**His View Of Causes**

"We believe," Bulganin said,

that the present tension in the

Middle East is due, above all, to

the unwillingness of certain circles in Great Britain and some other countries to take into account the legitimate interests and

rights of the countries of the Arab

world which took the road of national independence and regeneration."

He asserted that the tasks of safeguarding an enduring peace" in the Middle East call for the great powers to "adhere strictly to the principles of the peaceful settlement of all their disputes connected with the area." They also must respect the sovereignty and independence of Middle East countries and "not interfere in their domestic affairs," he said.

It was generally assumed that

## NAME WINNER OF AAUW AWARD

Miss Susan Ziegler, daughter of Prof. and Mrs. E. E. Ziegler, 44 South St., was announced Wednesday evening at a meeting of the board of directors of the Gettysburg AAUW at the home of the president, Mrs. Franklin R. Bigelow, W. Broadway, as the recipient of the 1957 gift membership award of the Pennsylvania Division of the AAUW.

The award is given each year to an outstanding senior girl at Gettysburg College. The presentation will be made at the annual banquet of the AAUW to be held May 15 at the YWCA at 6:30 p.m. The speaker will be Miss Johanna Haberl, a fellowship grantee of the AAUW from Austria, who is currently at the Museum of Modern Art at New York City and studying at Columbia University under an AAUW grant.

Delegates to the state conference to be held May 3, 4 at Wilkes-Barre, will be Mrs. Bigham, Mrs. G. Donald Wickerham, Mrs. Forrest Craver, Mrs. Edwin Longanecker and Mrs. P. J. McGlynn.

## Hanover Infant Strangles In Bed

Judy Ann Hilliard, two-month-old daughter of Mr. and Mrs. John E. Hilliard, Hanover, was found dead in her crib Wednesday morning. Cause of death was given as strangulation by the family physician, Dr. Anthony Tananis.

The parents said the child was found unconscious about 11:30 a.m. They summoned Dr. Tananis who said the baby apparently suffered a stomach ailment and choked to death when she vomited.

Surviving besides the parents are: A sister, Debra Ann Marie; paternal grandfather, Charles Hilliard, Biglerville R. 2; maternal grandparents, Mr. and Mrs. George Pittenger, Taneytown R. 2, and the maternal great grandparents, Mr. and Mrs. Jesse Eyer, Westminster R. 4, and Mr. and Mrs. Raymond Pittenger, Taneytown.

Graveside services will be held Friday at 11 a.m. in St. Joseph's Catholic Cemetery, Hanover, conducted by the Rev. Fr. Joseph Gotwalt. Friends may call at the Dennis Wetzel Funeral Home, Hanover, this evening.

## Complete Plans For Den Pack 124

Thirty-two attended the last in a series of three meetings held for adults prior to the organization of Den Pack 124 sponsored by the Hanover Ruritan Club.

The meeting was held Wednesday night at the Great Conewago Presbyterian Church chapel under supervision of William Kerschner, Black Walnut Boy Scout District organization and extension chairman; Stanley C. Rogers, Scout field executive; Ray M. Shupe, institutional representatives and Devin Wileman, who will serve as cubmaster for the outfit.

Approximately 20 boys are scheduled to be assigned to the unit, the charter for which is to be completed over the weekend.

An 18 month charter will be granted to permit both the pack and Boy Scout Troop 124 to be rechartered at the same time in October in coming years.

"Den Activities" and "Pack Activities" were the subjects discussed at Wednesday's meeting.

## Jazz Concert At High School Friday

A jazz concert sponsored by the International Student Exchange fund of Gettysburg High School will be held Friday evening at the Gettysburg High School cafeteria from 8 to 11 p.m.

Continuous music for three and one-half hours by local bands and those from nearby neighboring communities will be featured.

Tickets which can be purchased from members of the Student Council or at Faber's, Rea and Deric, on Lincoln Square, and Shuman's Cut Rate, Baltimore St., are priced at 75 cents.

The following orchestras and musicians will play: Bud Codori quintet, Melo Tones Combo and Al Shirley Orchestra. Juke box music will be used at the opening of the concert. A jam session by combos and guest artists will close the concert.

## Eight-Month-Old Girl Passes Away

Sharon Gail Bittle, daughter of George R. and Ruby Frock Bittle, Littlestown R. 1, died at the Warner Hospital Wednesday evening after having been admitted several hours earlier. She was eight months and 17 days old.

The survivors are: her parents, four sisters, Barbara Ann, Bonnie Jean, Brenda Kay and Georgia Lee, all at home; Mrs. Bessie Frock, Westminster R. 3, the maternal grandmother, and Mr. and Mrs. Samuel Bittle, Littlestown R. 1, the paternal grandparents.

Funeral services Saturday morning at 10 o'clock at the J. W. Little and Son Funeral Home, Littlestown, with the Rev. Porter W. Seiwel, pastor of the Evangelical and Reformed Church, officiating. Interment in the Mt. Carmel Cemetery, Littlestown.

Friends may call at the funeral home Friday evening.

## LUKENS STEEL STOCK TRADING MORE ORDERLY

NEW YORK (AP)—Trading in Lukens Steel stock proceeded in a more orderly fashion today after the New York Stock Exchange acted to regulate dealings in the volatile issue.

After trading had been halted twice yesterday due to hectic activity, the Stock Exchange cancelled "stop" orders in Lukens and barred member firms from accepting such orders for the present.

Such orders are instructions by customers to buy or sell a stock when it rises or falls to a price set in advance by the customer.

Lukens stock opened today on a block of 2,500 shares at \$101.25 a share, up \$1. In early trading, the stock rose to \$105 and steadied near that level.

### Violent Trading

While there was moderate turnover, it was a far cry from yesterday's violent action when Lukens traded 59,200 shares although suspended for a total of four hours.

Wall Street sources suggested it was too early to determine the effect of cancellation of "stop" orders on the performance in Lukens stock. Some said that there had been previous lulls in dealings which were interrupted by resumptions of sharp up and down movements, mostly up.

Recent acrobatics in the stock has been attributed largely to the relatively small supply of the issue available in the market.

Yesterday's suspensions of Lukens were the third and fourth in three weeks.

## SEEKS MORE AID FOR NEWSCHOOLS

By LEONARD A. UNGER  
HARRISBURG (AP)—Gov. Leader said today he would seek to increase the ceiling on authority-financed school construction as a way of building junior colleges within commuting distance of students in all sections of Pennsylvania.

The governor also said he will carry directly to the people his plan to impose a soft drilling tax of one cent a bottle to finance a 35 million dollar program for higher education, including 6,000 state scholarships a year.

"Some people are not entirely convinced that I'm dead serious on this program for higher education," Leader told his weekly news conference. "I am serious. I'm going to fight for it."

He said he would make a direct appeal to television audiences all over the state, make public appearances at education gatherings and use all other means at his command to plug his higher education program.

A film was shown at the meeting of the YWCA Golden Age Group Wednesday evening at 8 o'clock at the Y. Miss Peggy Long, student at Gettysburg College, showed movies of various press conferences during President Eisenhower's recuperation here and views of the Eisenhower farm, "Gettysburg," a film taken by Walter Lane and narrated by G. Henry Roth, was also shown. Mrs. M. Hadwin Fischer, who was first president of the Y, spoke on the work of the organization in 68 countries. She said that the National Y is 100 years old, the local Y has just passed its 10th anniversary and the Golden Age Group is two years old. About 25 members attended the meeting. Cake and tea were served.

## SEEK BLOSSOM SHOTS FOR FAIR

Springtime in Adams County orchards will be the subject for two new classes of displays in the annual photographic show at the South Mountain Fair next September, it was announced today by Philip Tyson, chairman of the committee that arranges the display.

Mr. Tyson announced the establishment of two new classes of displays for which prizes will be given. Both cover "Springtime in Adams County Orchards" and are intended to bring out some photos on blossoms or spring activities in the orchards. One class is for black and white prints measuring 5x7 inches or larger, unmounted. The picture must have been taken, but not necessarily developed and printed, by the exhibitor.

The other class is for color slides, measuring 2x2 mounted. A limit of 10 slides per exhibitor has been set.

Other members of Mr. Tyson's committee are Edward Stine, Maurice Stoops and Paul G. Pensinger.

**TIMES HAVE CHANGED**  
NEW HAVEN, Conn. (AP)—Memo to Mom and Dad struggling to finance junior's college education:

Yale University has unearthed the diary of Daniel Mulford, a student in the class of 1804. It shows that his share of the cost of a room he occupied with another student was 12½ cents a week. Tuition was \$33 a year.

Four women cadets are students in the Military Academy of Turkey (the Turkish equivalent of the U.S. West Point).

# Ike Declares Labor Rackets 'Abomination'; Raps Leaders

AUGUSTA, Ga. (UPI) — President Eisenhower today called labor racketeering "an abomination" which must be eliminated. He said union leaders who abuse power and trust "are not fit to hold union offices."

Eisenhower expressed those views in a statement after a 90 minute conference here with Secretary of Labor Mitchell. The President called for swift enactment of legislation to provide for:

1. Registration, reporting and public disclosure of full data on union health and welfare funds. The administration already has a bill before Congress to take care of that.

## Disclose All Finances

2. Public disclosure of all other financial records of unions, including such items as dues collected, the salaries of union officials, and the amount of money in union treasuries.

In his statement the President said the administration has followed "with intense interest" the efforts of a Senate special committee "to bring to light disclosures of corrupt practices and abuses by officers and members of some labor unions."

"Labor racketeering, like corruption anywhere, is an abomination which must be eliminated if and whenever it occurs. Any officer and employee of labor—and it appears there have been few—who abuse the power and trust imposed upon them are not fit to hold union officers," he said.

"The American working man and woman deserve from labor leadership high standards of trust and fidelity."

## Probe Of Beck

A highlight of the Senate committee's activities so far has been its inquiry into the financial operations of Dave Beck, chief of the AFL-CIO Teamsters Union. Beck declined to answer questions in that field. He invoked the Fifth Amendment on grounds that replies might tend to incriminate him.

At the Mitchell news conference a reporter noted that Eisenhower in his statement said it appears a few labor leaders have abused power and trust.

Asked whether that applied to Beck, Mitchell replied: "I am not going to get into personalities and I am not going to prejudge."

In the 1956 election campaign Beck supported Eisenhower for a second term. Replying to a question, Mitchell said that support was "completely unsolicited" by the administration.

## Frowns On Beck Support

"I suppose Mr. Beck has a right to determine whom he wants to vote for as an American citizen," he added.

Mitchell also indicated the administration would not welcome Beck's support again if Eisenhower were running for office at this time.

The Cabinet officer did so in noting that a few weeks ago the administration refused to pick Beck to serve as a representative

### "THE OLD FOLKS"

## DAVID HOUCK IS ELECTED AS PTA PRESIDENT

David Houck, Arendtsville, business manager for the Upper Adams Joint School system, was elected as the new president of the Arendtsville Parent-Teacher Association at a meeting in the grade school building there Wednesday evening. He will succeed President Donald Ernst who presided at the meeting.

The other officers named Wednesday evening include: Vice president, Roy Nelson; secretary, Mrs. Orville McBeth, and treasurer, Mrs. Nathan Johnston.

The plaque for the home room with the largest percentage attendance of parents was retained by the First grade room taught by Miss Alma Wert which was last month's winner.

### To Surface Court

It was announced that the ham supper the PTA served March 16 netted \$307.44. A committee recommended that the association provide a blacktopped basketball court for the children on the school playground. The committee in charge of the project is headed by chairman Herbert Miller, John Stover and Norman Beamer.

About 100 attended the meeting and saw colored slides shown by David Bushman of his trip last summer to Hawaii. There were movies for the children during the business session.

The next PTA meeting will be held in the fall.

## DENIES IN COURT

(Continued From Page 1) the house at the Snyder farm.

Deeds were shown stating that Snyder purchased the farm from Lillian Pryor December 24, 1954, about six weeks before the fire, for \$9,500.

John S. Hollinger testified he had spoken to Snyder by telephone following the fire and that Snyder at that time estimated his loss at from \$18,000 to \$20,000.

### Took Extra Insurance

Luther N. Martin, Blue Ridge Summit, said Snyder December 31 increased the insurance he had with him on the house to \$7,500. Paul Rohrbaugh Jr., Gettysburg, testified that Snyder on December 27 had secured \$8,000 insurance on the house from him.

An estimate of the replacement cost for the house submitted to him Martin said, showed an estimated cost of \$15,704 to rebuild it.

Jack Arms, Harrisburg, arson investigator for the last 15 years, told of visiting the scene, and of conversation with Snyder in which Snyder denied any knowledge of how the fire started. Snyder told him, Arms said, that he had fed the animals at the farm enroute home from work near Fountaindale, and then had worked for a time in the house, before leaving. Arms said Snyder told him he kept a fire going in a fireplace and in a space heater at the house.

**Helps Labor Movement**  
"We are trying to help the American labor movement clean house in those areas where it needs to clean house."

But the Cabinet officer also called for a calm approach to the problem.

"We should not rush headlong, impelled by the hysteria of the moment, to secure punitive legislation aimed at undermining or weakening the general body of labor."

Mitchell urged elimination of "specific abuses of power."

In his statement after meeting with Mitchell at the Augusta National Golf Club, Eisenhower said:

"Corruption on the part of the few should not obscure the fact that the vast majority of those connected with organized labor are decent and honest Americans and that responsible labor leadership is moving speedily toward protection."

# Ike Declares Labor Rackets 'Abomination'; Raps Leaders

AUGUSTA, Ga. (UPI) — President Eisenhower today called labor racketeering "an abomination" which must be eliminated. He said union leaders who abuse power and trust "are not fit to hold union offices."

Eisenhower expressed those views in a statement after a 90 minute conference here with Secretary of Labor Mitchell. The President called for swift enactment of legislation to provide for: 1. Registration, reporting and public disclosure of full data on union health and welfare funds. The administration already has a bill before Congress to take care of that.

## Disclose All Finances

2. Public disclosure of all other financial records of unions, including such items as dues collected, the salaries of union officials, and the amount of money in union treasuries.

In his statement the President said the administration has followed "with intense interest" the efforts of a Senate special committee to bring to light disclosures of corrupt practices and abuses by officers and members of some labor unions."

"Labor racketeering, like corruption anywhere, is an abomination which must be eliminated if and whenever it occurs. Any officer and employee of labor—and it appears there have been few—who abuse the power and trust imposed upon them are not fit to hold union officers," he said.

"The American working man and woman deserve from labor leadership high standards of trust and fidelity."

## Probe Of Beck

A highlight of the Senate committee's activities so far has been its inquiry into the financial operations of Dave Beck, chief of the AFL-CIO Teamsters Union. Beck declined to answer questions in that field. He invoked the Fifth Amendment on grounds that replies might tend to incriminate him.

At the Mitchell news conference a reporter noted that Eisenhower in his statement said it appears a few labor leaders have abused power and trust.

Asked whether that applied to Beck, Mitchell replied: "I am not going to get into personalities and I am not going to prejudge."

In the 1956 election campaign Beck supported Eisenhower for a second term. Replying to a question, Mitchell said that support was "completely unsolicited" by the administration.

## Frowns On Beck Support

"I suppose Mr. Beck has a right to determine whom he wants to vote for as an American citizen," he added.

Mitchell also indicated the administration would not welcome Beck's support again if Eisenhower were running for office at this time.

The Cabinet officer did so in noting that a few weeks ago the administration refused to pick Beck to serve as a representative

## TOTEM POLE TO OPEN JUNE 22

Samuel C. Houston, of Caledonia, was elected president of the Totem Pole Players at a meeting of the board of directors at Graeffenburg Inn, Wednesday night.

Others elected were: Mrs. Frank Corbett, Fayetteville, first vice president; Mrs. Charles R. Nicolas, Chambersburg, second vice president, and Oscar I. Tobey, treasurer.

Following the board session and election of the directors and stockholders held a dinner meeting at the Inn at which Director William C. Putch outlined plans for the forthcoming summer season. He said the first show will be presented on June 22 in the popular Caledonia Park outdoor theatre. It will be followed by ten weeks of plays, one each week.

At an International Labor Organization conference in Europe, Beck had been recommended, before the Senate inquiry into his activities, by AFL-CIO President George Meany. The AFL-CIO Executive Council has since suspended Beck.

As for the general picture, Mitchell said:

## Helps Labor Movement

"We are trying to help the American labor movement clean house in those areas where it needs to clean house."

But the Cabinet officer also called for a calm approach to the problem.

"We should not rush headlong, impelled by the hysteria of the moment, to secure punitive legislation aimed at undermining or weakening the general body of labor."

Mitchell urged elimination of "specific abuses of power."

In his statement after meeting with Mitchell at the Augusta National Golf Club, Eisenhower said "corruption on the part of the few should not obscure the fact that the vast majority of those connected with organized labor are decent and honest Americans and that responsible labor leadership is moving speedily toward protection."

## DAVID HOUCK IS ELECTED AS PTA PRESIDENT

David Houck, Arendtsville, business manager for the Upper Adams Joint School system, was elected as the new president of the Arendtsville Parent-Teacher Association at a meeting in the grade school building there Wednesday evening. He will succeed President Donald Ernst who presided at the meeting.

The other officers named Wednesday evening include: Vice president, Roy Nelson; secretary, Mrs. Orville McBeth, and treasurer, Mrs. Nathan Johnston.

The plaque for the home room with the largest percentage attendance of parents was retained by the First grade room taught by Miss Alma Wert which was last month's winner.

## To Surface Court

It was announced that the ham supper the PTA served March 16 netted \$307.44. A committee recommended that the association provide a blacktopped basketball court for the children on the school playground. The committee in charge of the project is headed by chairman Herbert Miller, John Stover and Norman Beamer.

About 100 attended the meeting and saw colored slides shown by David Bushman of his trip last summer to Hawaii. There were movies for the children during the business session.

The next PTA meeting will be held in the fall.

## DENIES IN COURT

(Continued From Page 1) the house at the Snyder farm.

Deeds were shown stating that Snyder purchased the farm from Lillian Pryor December 24, 1954, about six weeks before the fire, for \$9,500.

John S. Hollinger testified he had spoken to Snyder by telephone following the fire and that Snyder at that time estimated his loss at from \$19,000 to \$20,000.

## Took Extra Insurance

Luther N. Martin, Blue Ridge Summit, said Snyder December 31 increased the insurance he had with him on the house to \$7,500. Paul Rohrbaugh Jr., Gettysburg, testified that Snyder on December 27 had secured \$8,000 insurance on the house from him.

An estimate of the replacement cost for the house submitted to him, Martin said, showed an estimated cost of \$15,704 to rebuild it.

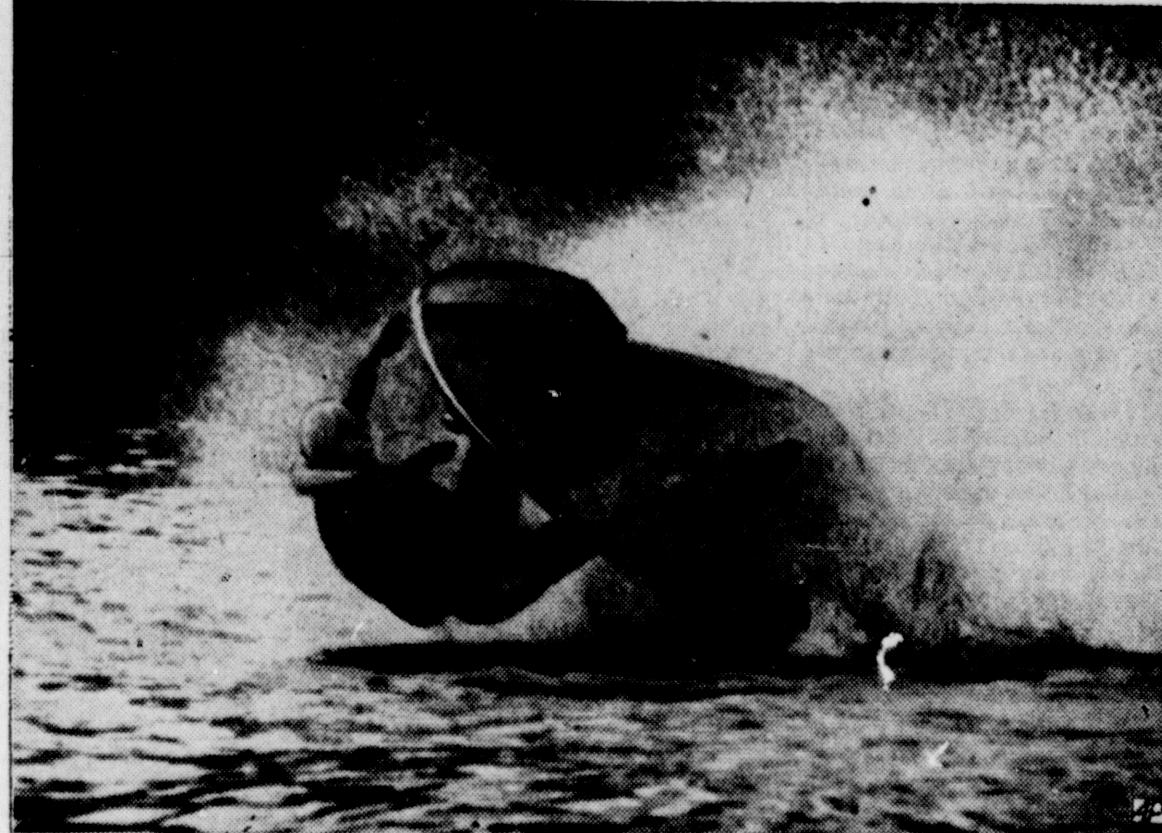

Jack Arms, Harrisburg, arson investigator for the last 17 years, told of visiting the scene, and of conversation with Snyder in which Snyder denied any knowledge of how the fire started. Snyder told him, Arms said, that he had fed the animals at the farm enroute home from work near Fountaindale, and then had worked for a time in the house, before leaving. Arms said Snyder told him he kept a fire going in a fireplace and in a space heater at the house.

## 36 Employees

(Continued From Page 1) Thomas, Elmer A. Snyder, Roy C. Abshire and Virgil L. Unger.

## Seasonal Workers

Several seasonal workers were introduced as "representative of the many seasonal workers who have been with the company year after year for a quarter of a century or more." Among the group was Mrs. Anna Kesseling, forelady in the Biglerville plant, who has been with the company since 1906, and Mrs. Mrs. Charles Putch, representing the Gardners workers. Four of the foreladies from the Inwood plant were introduced.

Introducing the group Stauffer outlined the position and work of the employees. Oldest in the group was Edward D. Miller, Inwood mechanician, who is 81.

## Shillito Presents Guests

Clair Shillito, in introducing a number of guests at the dinner, noted that "we have more than 1,200 years of service represented in this group of employees, and we have more than 2,000 years in age represented. With this vast reservoir of knowledge we feel we can easily hold another anniversary 50 years from now."

Dr. Calvert N. Ellis, president of Juniata College, whose orchards supply fruit for The C. H. Musselman Co., was the principal speaker. President Hauser served as master of ceremonies. Music was provided by Mary Howe, organist.

Paul L. Roy spoke for The Gettysburg Times and introduced other Times employees who were also guests.

tion where Snyder told him in the presence of others, that he, Snyder, had set the fire in the house, that he needed money, and had taken shavings and straw and put a candle in the middle, lighted the candle, and also put a trial of straw and shavings to a fireplace where a fire was burning, about 6 o'clock on the evening of February 3, then left the place. The fire was discovered about 1:10 a.m. and by that time, accord-

## Panel Discussion On Draft, ROTC

The public is invited to attend a panel discussion on the Army ROTC program and current draft regulations to be held Friday at 8 p.m. in the SCA auditorium on the Gettysburg College campus. The program is being conducted by the college's Army ROTC unit.

Col. Eben Jones, professor of military science and tactics at the college, will open the program with general remarks concerning current ROTC policies and the Gettysburg Army ROTC program in which graduates could go into one of 17 different branches of the Army. A 20-minute film depicting activities of most of these 17 branches will follow.

A panel on current draft regulations and the Army ROTC program will follow. Panel members will include officers of the Gettysburg AROTC staff, four undergraduate cadets presently enrolled in the Gettysburg unit, and an Air Force major, Donald C. Croushore, on duty with state Selective Service office in Harrisburg. Major Croushore is an authority on current draft regulations. The four cadets include a pre-medical student, a pre-ministerial student, one who will enter industry after his service duty and another who plans to make the Army his career. Each will speak on the ROTC program, explaining all advantages and obligations involved. Following the panel there will be an opportunity for questions from the audience.

The Joint State Government commission would make a report to the next General Assembly on the results of its study together with its recommendations for legislation on the problem.

## WORLEY OFFERS TWO MEASURES

Assemblyman Francis Worley in-

duced a bill in the House at Har-

risburg this week providing for a

state referendum at the May pri-

mary election on the question of the

retention of standard time through-

out the state.

The bill provides that the question "Do you favor standard time throughout the year?" could be

printed on the regular or on sepa-

rate ballots or shall appear on the

face of voting machines where they

are in use. The results of the refer-

endum would be reported to the

Secretary of the Commonwealth and

the governor would issue a

proclamation based upon the re-

sults. The bill provides further that

the General Assembly shall enact

legislation to carry out the will of

the electors as shown in the refer-

endum.

A resolution offered by Mr. Wor-

ley on Tuesday in the House would

direct the Joint State Government

Commission to make a thorough

study of the entire problem of child

welfare in Pennsylvania, including

the laws relating thereto, the sys-

tem of enforcing such laws, the ex-

isting programs and practices of the

Commonwealth directed toward the

problem and the needs which the

problem creates.

The Joint State Government com-

mission would make a report to the

next General Assembly on the re-

sults of its study together with its

recommendations for legislation on

the problem.

**TWENTY YEARS AGO**  
Mosquito Campaign Is Started in  
Headwaters Of Tiber; 12 Employees:  
Work was begun on the Gettysburg  
mosquito eradication project Monday  
morning.

A foreman, a truck driver and  
a ten laborers began the task of  
cleaning out the Tiber beginning  
at its headwaters along the southwest  
corner of the borough.

The complete cooperation of each  
workman, Ralph Redding, the  
foreman, Burgess Wilbur, Stallsmith,  
LeRoy H. Winebrenner, borough

**Today's Talk**

**BOY-MAN**

It is inspiring to live at a time  
when people live longer than ever  
before. So much is done and written  
to help people to value their  
health, thus living a decade or more  
than formerly. A man can well  
carry the thoughts and dreams of  
youth with him for a long, long  
time. He can keep young by thinking  
youthful ideas.

I have learned of a young girl  
(15 years of age) who writes a  
column in Florida to teenagers,  
and she calls her product a "Teen  
to Teen" feature. Certainly a teenager  
should know the thoughts, problems,  
and aspirations of her kind  
better than anyone else. And  
what other organization can one,  
enslaved to strong drink, turn but  
to those who have gone through  
the mill, and turned to that great  
humanitarian organization AA.

**Musselman Had Dream**

"The American way must first of  
all have a dream — a dream in the  
mind of a man or a woman — in  
this case a dream in the mind of  
Christian H. Musselman. When they  
came by horse and buggy from Lan-  
caster County in 1907, Mr. and Mrs.  
Musselman brought with them a  
great dream — a dream of building  
an organization which would  
enhance and improve the life of  
Adams County and render a service  
to the community of which they  
were a part. Mr. Musselman had a  
dream of the processing of apples  
on a commercial basis. It is difficult  
for us to realize how life has  
changed and as American habits of  
life under an increasing urbanization  
have brought greater needs for  
processing fruits and vegetables, the  
C. H. Musselman Company has been  
in the forefront of this movement.  
Without the dream there would  
have been no jobs, no business, and  
no 50th anniversary dinner.

**Believe In America**

"America is still a country where  
dreams are possible and where they  
can be carried to reality. We honor  
tonight not only Mr. Musselman but  
we honor a country and our fore-  
fathers who made it possible for  
such dreams to become reality. We  
still believe in America; that change  
is of the nature of life. Our children  
will live in a different world than  
we have lived in and men will have  
dreams and the climate of opinion  
will make it possible for them to  
experiment and bring those dreams  
to reality.

"Secondly, the American way in-  
volves coordinated individual effort.  
There is no substitute for hard  
work. A civilization which attempts  
to live on that which previous genera-  
tions have accumulated is a de-  
clining civilization. They are not  
even good husbandmen. An expanding  
civilization demands all of the  
effort which individuals can put  
forth. Effort is found in many civi-  
lizations. Hard work will be found  
in China, in the labor camps of  
Russia, and even on the sweating  
plains of India and Indonesia.

"The uniqueness of the American  
way is that we voluntarily work  
together to achieve an end in which  
we believe and to which we have  
dedicated ourselves. The C. H. Mu-  
selman Company is an excellent  
illustration of the American way.  
You have voluntarily chosen to work  
for this company. You have co-  
ordinated your activities, cooperated  
together to develop an efficient  
organization, and the company in  
turn has rewarded you in proportion  
as the housewives of America  
have bought Musselman products.  
Therefore it is appropriate that we  
should honor tonight those who  
have given more than 25 years of  
their lives for the advancement of  
the C. H. Musselman Company and  
this community.

"Third, the American way in-  
volves imagination and rewards the  
person who finds a quicker and better  
way to do any job. It rewards  
especially those who develop new  
products and new techniques. For  
example, I have many friends who  
speak glowingly of apple-raspberry  
sauce. Indeed I have friends who  
never ate applesauce until they  
tasted this new red applesauce. I  
have not spoken to Mr. Hauser or  
any other person about this, but I  
anticipate for apple-raspberry  
sauce a great future. The research  
organization of this company will  
sail.

## Bullets Bow To Lafayette 7-3; Georgetown Here On Friday, Dickinson Saturday

Lafayette (3-3) handed the Gettysburg College baseball team (1-5-1) its fifth successive setback here Wednesday afternoon 7-3, a four-run explosion in the ninth inning sealing the verdict after a fast, close game.

The Bullets meet Georgetown University here Friday afternoon at 3 o'clock while Dickinson will be here Saturday afternoon.

For seven innings the game resolved itself into a fine pitchers' duel between Bucky Walters of the Bullets and Lefty Howie Stoneback of the Leopards.

Gettysburg jumped off to a 2-0 lead in the first frame. Vince Scola opened with a single and was moved to second on Joe Robinski's bunt. Larry Liedel drilled a single to center which escaped the outfielder, Scola scoring and Liedel reaching third. Frank Capitani walked. Art Hendley skied to center, Liedel racing home after the catch. Bobby Rohrbaugh popped out to end the frame.

### Unearned Run

Lafayette picked up an unearned run in third. Walters fanned lead off man Dave Stuhlmiller but he reached third base when the third strike was missed after which two wild throwing errors were made. Jack Sloter's single scored the run.

In the sixth a triple by Sloan, a fielder's choice on Stu Murray's bunt, walk to Dick Archdeacon and triple by Stuhlmiller produced two runs for the visitors.

Leroy Bream, who replaced Walters in the eighth, was tagged for four runs in the top of the ninth on three singles, a double, walk and an error.

Gettysburg pushed over its final run in the last of the ninth. Hendley opened with a double. Pinch-hitters Bruce Wandler and Don Brandy grounded out. Another pinch-hitter, Don Hailey, was safe on an error at first base as Hendley scored. L. Bream singled by Scola lifted to center to end the game.

## SEE RE-PLAY OF 1956 FINALS AT PINEHURST, N. C.

By KEN ALYTA

PINEHURST, N. C. (AP) — A replay of last year's North and South Amateur Golf Tournament final was in the making as the eight survivors of yesterday's two rounds moved into the quarter finals today.

Defending champion Hillman Robbins, Air Force lieutenant from Memphis, Tenn., was top man in the upper bracket and the 1956 runner-up, Bill Hyndman of Abington, Pa., was shaping up as the sharpest golfer in the lower half.

Robbins teed off against Don Bisplinghoff, 1955 champion from Winter Park, Fla., and Don Weiland of Phoenixville, Pa., met Dr. Bud Taylor of Pomona, Calif., in upper half tests.

### Rugged Customer

In the lower half Hyndman met a rugged customer in Arnold Blum, Southern amateur champion from Macon, Ga., and Lawrence Cook, the Wrightsville Beach, N. C., policeman with the cross-hand grip, engaged two-time champion Bill Campbell of Huntington, W. Va.

### Day's Results

Yesterday's results included:

## BOWERS IS NOW BATTING STAR

### By THE ASSOCIATED PRESS

Charlie Bowers can be proud of his 1957 batting average. It's 1.000.

At the end of last year's Eastern Baseball League season, the Schenectady Blue Jays' 27-year-old veteran was .400. He collected only one hit in 25 official appearances at the plate.

Bowers, a high school teacher from Wayland, Mass., isn't supposed to be a hitter. He's Schenectady's No. 1 relief pitcher. He made 61 mound appearances last year—only one as a starter—and won 11 games against five losses.

Last night he became a batting star. He cracked a single into center field to drive in the run that gave the 1956 pennant-winning Blue Jays a 5-4 victory over Birmingham.

Reading, also victorious last night, shared the league lead with Schenectady after two nights of play. Both are 2-0.

Reading defeated Syracuse 4-3. Springfield downed Albany 4-3.

### Another League For Boys Formed

The Adams Cumberland Boys League, a baseball loop for boys of the same age as Little League players, has been organized with four teams represented.

The teams are from the North and South Dickinson Township elementary schools, Ida Valley and York Springs. The league is not affiliated with Little League.

Samuel Bohn, Gardner, was elected president at the recent organization meeting in the new conference room of the Dauphin Deposit Bank and Trust Company Branch, Carlisle. Bruce Wagaman, Carlisle R. 5, was elected vice president; Jack Kinnard, Carlisle R. 5, secretary, and Fred Stough, York Springs, treasurer. A constitution was adopted at the organization meeting.

Stough was appointed chairman of a committee to set up a league schedule.

## Howard Shoemaker Leaves GHS To Become Backfield Coach On College Staff

Howard G. Shoemaker, head football coach at Gettysburg High School since 1950, has been named backfield coach at Gettysburg College according to an announcement by Athletic Director Henry T. Bream. The 38-year-old Shoemaker, a 1946 Gettysburg College graduate, also will serve as assistant professor of health and physical education.

Shoemaker, a native of Souderston, Pa., and a 1937 graduate of Souderston High School, joined the Gettysburg High School staff in 1946 as head baseball coach and assistant in football and basketball. In 1950 he was appointed head football coach. In 1951 Shoemaker directed Gettysburg to the only undefeated season in the school's history, the Warriors compiling a record of eight wins and one tie during that campaign.

As an undergraduate at Souderston High Shoemaker starred in football, basketball and baseball, and was generally regarded by Souderston coaches as the finest athlete the school ever produced. Shoemaker attended Perkiomen Prep during the 1937-38 school year where he again starred in football, basketball and baseball. He was named Perkiomen's top athlete for 1938.

Starred At College

Shoemaker entered Gettysburg College in 1938 and excelled in football, basketball and baseball until he entered the Army in 1941. As a fullback under coach Hen Bream, he was named to the Little All-American and All-State teams. He served as a first lieutenant in both the European and Pacific Theaters from 1942 until 1945, and his decorations include a Broze Star and three battle stars. He returned to Gettysburg following his discharge in 1945 and was graduated a year later.

Shoemaker, who holds a Master's Degree in Physical Education from Columbia University, played one season with the professional York (Pa.) White Roses.

**NEW YORK** (P) — Johnny Bower, Providence goaltender, and Freddie the Glover, high-scoring rightwing of the Cleveland Barons, were unanimous choices today on the American Hockey League All-Star team.

Two other members of Cleveland's Calder Cup champions, defensemen Steve Kraftcheck and leftwing Bo Elk, also were named to the team along with Tommy Williams, a defenseman of the Rochester Americans.

Sports writers and broadcasters in the league cities, who named the team, were unable to decide on a center and split their vote between Paul Larivee of Providence and Bruno Horvath of Rochester.

The two centers will share the money prize for both first and second teams and will receive \$250 each. Each of the other first team nominees gets \$300.

Bower was the only repeater on the first team. Elk became the first rookie ever to be so honored.

### Authorities Get 12 Versions Of Fight

SANTA MONICA, Calif. (AP) — The district attorney's office has made a discreet withdrawal from the affairs of Yma Sumac and her estranged husband after listening to approximately 12 versions of Tuesday's brawl between the Peruvian pair and assorted associates.

"I will issue no complaint — that's definite," said Deputy Dist. Atty. Alan H. McCurdy yesterday. "Both sides tell completely opposite stories."

The hair-pulling, face-slapping spree was touched off when Miss Sumac, accompanied by three private detectives, called on her husband, Moises Vivanco, to collect some of her belongings.

Francis A. Coulson, assistant county superintendent of schools, who spoke to the group. Mr. Coulson is a graduate of York Springs High School. The senior class was presented. Reading of the minutes by the secretary, Mrs. Jack Hershey, was followed by the report of the nominating committee given by R. L. Pittenturf, chairman.

These officers were elected:

President, Curvin Smith; vice

President, Stanton Kennedy; sec-

retary, Susan Anna Behney; cor-

responding secretary, Mrs. Ralph Hikes; treasurer, Dean Hoffman.

The quartette sang "Beautiful Dreamer." The program was

closed by the singing of the "Alma Mater."

The singing was led by Dale Roth with Miss Nancy Dear-

dorff at the organ. There were

music and dancing.

The annual Easter egg hunt sponsored by the Lions Club was attended by a large group of children and spectators. The York Springs High School band presented a half-hour concert. The golden egg was found by Bonnie Bream, daughter of Mr. and Mrs. William Bream and in the 7 to 12 age group, John Hardy, son of Mr. and Mrs. James Hardy, found the golden egg. Each one was given a large Easter basket.

Mr. and Mrs. Jack Webb, of Chicago, visited Mrs. Webb's parents, Mr. and Mrs. L. E. Potts, and attended the high school banquet.

Miss Beverly Laventure, Washington, D.C., visited with her parents, Mr. and Mrs. Alonza Laventure.

More than one-third of the entire population of Arizona reside within a 30-mile radius of Phoenix.

**FAMILY OF STARS** — James Mason, wife Pamela, daughter Portland and son Alexander Morgan, all have chairs scaled to size as they wait to film a television show in Hollywood.

### BELIEVES RED SUBS SPYING OFF FLORIDA

WASHINGTON (AP) — Sen. Bridges (R-N.H.) said today Russian submarines may be prowling off Florida coasts in an attempt to watch U.S. missile experiments.

"It is no secret that we are experimenting with an ICBM—Inter-Continental Ballistic Missile—at Patrick Air Force Base, Fla.," Bridges said in a speech prepared for American Legion commissions on national security and foreign relations.

Bridges, who is a senior member of the Senate Armed Services and Appropriations committees, said a recent report was "that there were about a dozen submarines lying off Cape Canaveral, Fla."

**Navy Is Alert**

"They were not ours or our allies," Bridges said. "The story was not substantiated, but we do know that the Russians spare no effort to learn what we are doing."

"If the submarines are in this vicinity and if they are Russian it may well be they are watching

### MERGER BEFORE CHURCH GROUPS

EASTON, Pa. (AP) — A merger with two other groups of the Evangelical United Brethren Church was before the denomination's 150th annual East Pennsylvania Conference today.

The conference is considering its merger with the Atlantic Conference and the New England Conference. A two-thirds vote by each conference would be required for creation of a new Northeastern Conference with a membership of 30,000 and 147 congregations.

Some 200 ministers and lay delegates are attending the conference, which opened yesterday and runs through Sunday.

The Rev. Dr. O. A. Hyden, conference superintendent, told the first session it is becoming an increasingly difficult problem to supply ministers for local pulpits. He urged congregations in the conference to try to interest more young men in preparing for the ministry.

**our progress on the first ICBM," he said.**

"I am confident the Navy is pretty well alert to the submarine menace," he added. "One of its top jobs is to keep track of them and be ready to destroy them if the occasion arises."

### FOUR SEEKING PROBE OF OIL PRICE FIXING

HARRISBURG (AP) — Four Democratic senators sought an investigation today into what they said appeared to be a "price fixing conspiracy" among oil companies

operating in Pennsylvania.

A resolution calling for the inquiry was introduced in the Senate by Sens. John H. Dent, Democratic floor leader; Frank W. Ruth (Berks), Joseph J. Yosko (Northampton) and William J. Lane (Washington).

The resolution noted that gasoline prices were increased in the state shortly after passing of a law, effective May 31, reducing the state's gasoline tax from 6 to 5 cents a gallon. The extra cent had been imposed to finance road and bridge repairs caused by floods.

The resolution called the gasoline tax reduction "unwarranted" and said it will "necessitate a drastic reduction in the appropriation to Pennsylvania local governments in the amount of \$11,300,000."

The study would be made by the Joint State Government Commission.

The measure, which also would require House approval, was sent to the Highways Committee for consideration.

### Mother Of Five Is Mrs. Pennsylvania

ALLEGHENY, Pa. (AP) — Mrs. Mary A. Eytie of Butler, 34-year-old mother of five children, has been chosen Mrs. Pennsylvania, 1958.

The attractive homemaker, whose husband, Frank, is a steelworker, entered the contest as Mrs. Northwestern Pennsylvania.

Mrs. Eytie will fly to Fort Lauderdale, Fla., for the national contest early next month. Her first place prizes also include a cash gift of \$500, a silver set and a sewing machine.

Mrs. Joseph A. Garrusso, of Mt. Washington, near Pittsburgh, who was Mrs. Western Pennsylvania, was runnerup. She, too, is the mother of five. She received a gas dryer for second prize.

In 1958 the world's civilian airlines carried 78 million passengers, for an average distance of 575 miles each.

### Labor Group Gives Course On Retiring

PHILADELPHIA (AP) — A Philadelphia labor group tonight begins a course for its members on how to retire.

The Philadelphia Joint Board of the Amalgamated Clothing Workers is hopeful its members nearing retirement age to meet the problems—and find the pleasures—at the end of their working days.

A series of four lectures will be given at the club set up by the union and area clothing industry management for retired workers.

### SEEK CONTROL OF SAFETY BELTS

HARRISBURG (AP) — It would be unlawful to sell an automobile safety belt unless it had approval of the State Highways Department under a new House bill.

The measure would require the secretary of highways to set uniform specifications for safety belts or harnesses to be used in cars.

Anybody violating the law would be subject to a \$10 fine or five days in jail.

The bill was sponsored by Reps. Samuel B. Dennison (R-Jefferson) and Nicholas Knorick (D-Fayette).

Other new House bills would:

Make the office of attorney general an elective post rather than permit him to be appointed by the governor—Davis (R-Forest), Lafore (R-Montgomery), Henzel (R-Montgomery), Bowman (R-Dauphin).

Create the office of solicitor general who would act as legal advisor to the governor—Davis, Bowman, Goldstein (R-Allegheny).

Call for a referendum to determine if the state's citizens want standard time year around—Worley (R-Adams).

Prohibit teen-agers under 17 from driving between midnight and 5 a.m.—Dunn (R-Northumberland).

HARRISBURG (AP) — Two historic homes in Montgomery County—Hope Lodge and The Highlands—would be deeded to the state for maintenance by the Historical and Museum Commission under new bills in the House.

Both measures were introduced yesterday by Reps. Herman B. Willared (R-Montgomery), Evelyn Henzel (R-Montgomery), Floyd K. Brenninger (R-Montgomery) and Morton H. Fetterolf Jr. (R-Montgomery).

MILL VALLEY, Calif. — The J. R. Rowntrees' blind cocker spaniel dog is led about these days by a "Seeing-Eye" tomcat.

The cocker, Duke, developed cataracts. He started bumping into things. That's when the gray tomcat, "Bos'n," started taking over. "I couldn't believe it at first," said Mrs. Rowntree.

"One day I looked out and saw that Duke had strayed part way

down the hill. He was standing there confused, not seeming to know how to get back to the house. "Bos'n" heard me call him, darted out the front door and ran down to where Duke was. He nudged Duke around and led him back up the path." Rowntree, an engineer,

said Bos'n often saves Duke from falling off the porch by moving in between the dog and the porch's edge.

## KNOWLAND SAYS HE DOUBTS TAX CUTS THIS YEAR

By EDWIN B. HAAKINSON  
WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today he doubts there will be any tax reduction legislation at this session, even if sharp cuts are made in President Eisenhower's budget.

"It would be more prudent and sound from a fiscal basis to wait until early next year before considering tax reduction," the Republican Senate leader said in an interview.

Some Democrats in Congress, among them Speaker of the House Rayburn (D-Tex.), have been talking about a tax reduction bill this year to take effect next Jan. 1. House Republican Leader Mar-Mass also has been fore-tinning casting a tax cut next year.

### Would Reduce Debt

Knowland said no one is asking that a tax reduction take effect earlier than next January, and added:

"No responsible member of Congress is suggesting that we should reduce taxes in time of deficit that would just up the national debt."

Personally, I would apply from two to three billion dollars a year on reduction of the national debt before any tax reduction is considered," he said.

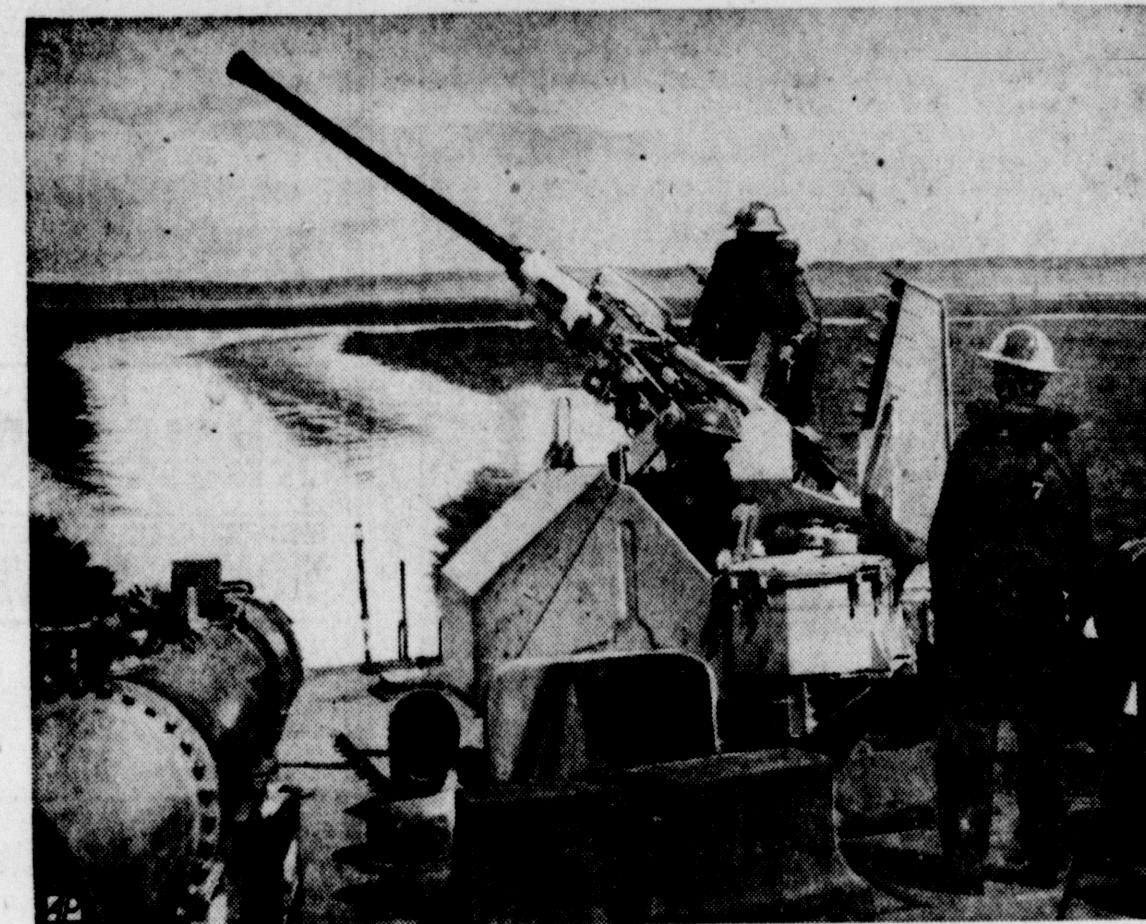

By waiting until next January or later, Knowland said, Congress will have five or six more months to test estimates on government income and spending.

### To Check Reports

Along that line, he said he wants to look further into Pentagon reports that defense agencies now are spending at a rate of \$8 billion dollars this fiscal year, which ends June 30, or some two billions higher than had been estimated.

Pentagon officers said there had been a speedup in production of guided missiles and other new weapons.

On other subjects, Knowland said he expects some sort of civil rights legislation during this session.

## BILL MAY VOID CABINET POST

HARRISBURG (AP)—The office of secretary of internal affairs would be abolished under a proposed constitutional amendment before the Senate today.

Sen. John Carl Miller (D-Beaver) co-sponsored the measure with the observation that the office is "only a drain on the public pocketbook and should be done away with."

The work of the department

would be scattered among other state agencies should the amendment become law. The secretary of internal affairs would be replaced on the State Pardons Board by the auditor general.

The Senate also received legislation designed to facilitate formation of county water supply authorities and make their bonds more appealing to bankers.

Sen. John H. Dent, Democratic floor leader, co-sponsored the measure as a move to pave the way for construction of a 260-million-dollar water aqueduct in western Pennsylvania.

The aqueduct would be built in Westmoreland, Fayette, Washington and Somerset counties to ease the problem of supplying water in that area, said Dent.

## Proves Senators Carry Lot Of Weight

SACRAMENTO, Calif. (AP)—State Sen. Stephen Teale says he's always heard that senators carry a lot of weight ... and now he knows they do.

He reported California's 40 senators and Lt. Gov. Harold J. Powers, their presiding officer, average 6 feet and 193 pounds. The average American male, he said, is 5 feet 8 and 155.

Coo-sponsors of the measure are Sens. Barr (D-Allegheny), Kalman (D-Fayette), Whalley (R-Somerset), Kopriver (R-Allegheny), Matz (R-Crawford), Lane (D-Washington) and Schmidt (D-Allegheny).

Hagerty took pains to point out their language was part of the resolution which Congress adopted last March in approving Eisenhower's Middle East program.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP)—President Eisenhower and Secretary of State Dulles just making stern sounds or do they mean to do something if anti-Communist King Hussein of Jordan is attacked or overthrown?

Yesterday Hussein pushed from one crisis to another for weeks by pro-Egyptians and pro-Communists in his kingdom, blamed his troubles on "international communism and its followers."

To this end, if the President determines the necessity thereof, the United States is prepared to use armed forces to assist any such nation or group of such nations requesting assistance against armed aggression from any country controlled by international communism...

That resolution in Section 2, using the very words mentioned by Eisenhower and Dulles and the words "international communism" said:

"The United States regards as vital to the national interest and world peace the preservation of the independence and integrity of the nations of the Middle East."

### May Use Force

"To this end, if the President determines the necessity thereof, the United States is prepared to use armed forces to assist any such nation or group of such nations requesting assistance against armed aggression from any country controlled by international communism..."

Although Hussein's immediate troubles may be inspired by Communists, he is not now under attack by any country, controlled or not controlled by international communism.

From the surface evidence, his problem is with revolution in his own country. And there is nothing in the congressional resolution which authorizes Eisenhower to use American forces to crush a revolution within a single country.

## Change Of Scene For His 'Opening'

SWARTHMORE, Pa. (AP)—The show will go on tonight, thanks to an assist by one member of the theater's second generation to another.

Theodore Holm Nelson, son of actress Celeste Holm and television director Ralph Nelson, and a sophomore at Swarthmore College, was directing his play "Getting Colder" for the annual one-act play contest.

Nelson came down with appendicitis yesterday and wound up in the hospital. In stepped Judy Kazan, daughter of actor-director

Unanimity Broken  
By Girl Page

INDIANAPOLIS (AP) — Expected unanimity on a routine amendment was broken suddenly in the Indiana House the other day.

After a mumbled chorus of "ayes," Speaker George S. Diener of Indianapolis conformed to rules by asking for any opposition. Startled legislators heard a faint "no."

It was 6-year-old Ann Elsner, daughter of Rep. Edward P. Elsner

Jr. (D-Seymour). She was serving as a page for the day.

Blind Spaniel Is  
Led By Tomcat

MILL VALLEY, Calif. (AP) — The J. R. Rowntrees' blind cocker spaniel dog is led about these days by a "Seeing-Eye" tomcat.

The cocker, Duke, developed cataracts. He started bumping into things. That's when the gray tomcat, Bos'n, started taking over. "I couldn't believe it at first," said Mrs. Rowntree.

"One day I looked out and saw that Duke had strayed part way

down the hill. He was standing there confused, not seeming to know how to get back to the house. 'Bos'n heard me call him, darted out the front door and ran down to where Duke was. He nudged Duke around and led him back up the path," Rowntree, an engineer,

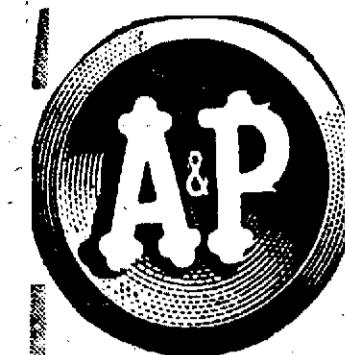

said Bos'n often saves Duke from falling off the porch by moving in between the dog and the concrete steps.

## News Of Emmitsburg And Vicinity

## Officers For Emmitsburg's C of C Named

The nominating committee of the Chamber of Commerce presented a slate of officers for the annual election to be held in May at the monthly meeting of the club Monday evening.

Ralph Lindsey was nominated for president, Cloyd Seiss, first vice president; Charles Slaughter, second vice president; Ralph Ireland, secretary, and Daniel Kass, treasurer.

Signs will be erected this week on each of the four approaches to Emmitsburg designating the date of the Bicentennial Week, June 22-June 29, it was reported by Cloyd Seiss.

Col. Thomas Frailey presented an account of the recent election of the United States Chamber of Commerce.

Requests for information pertaining to the altitude and temperature of Emmitsburg were received from Texas and New Mexico this month.

The prize was won by Daniel Kass.

Dr. Gilbert Oddo, of the Mt. St. Mary's College faculty, will receive recognition during the Bicentennial Week in June, as the winner of the contest naming the historical pageant "Valley Echoes," as part of the celebration.

Clay Green and Joseph Sullivan were nominated for the presidency of the Indian Lookout Conservation Club at the monthly meeting Tuesday in the firemen's hall. Other officers presented by the nominating committee included: Jennings Frock and Morris Eyer for vice president; James Kemp and Lamar Green, secretary; Guy McGlaughlin and Jason Sanders, treasurer; Samuel Hays, William McClellan, Harold Hoke, Roland Sanders and Frank Topper as directors.

A report was presented on the Big Hunting Creek project in Thurmont. Signs were posted reading "Built by Indian Lookout Conservation Club of Emmitsburg, Md."

on the twenty dams made and repaired on creek this spring.

The president commended the members for the work of weeding and a general clean-up at Rainbow Lake completed recently.

Some new members were accepted into the membership.

It was announced that annual dues are payable May 31.

## 9 Emmitsburgians Get Grange Degrees

The Walkersville Grange was host Wednesday evening to the Frederick County Pomona Grange when 71 candidates took the first and second degrees.

The Emmitsburg Grange team conferred the first degree and presented a tableau and the second degree tableau were given by the Walkersville Grange.

The nine candidates in the group from Emmitsburg were: Mr. and Mrs. Earl Wilhite, Mr. and Mrs. Keller Misner, Richard Swomley, Paul Beale Jr., Mr. and Mrs. Frank Gillespie and Mr. Plunkett.

A new grange was taken into the Pomona Grange Wednesday evening, making 13 subordinate units in that Grange. The new unit is Tuscarora Grange.

## PTA Program Is Given by Two Teachers

The Parent-Teacher Association of the Emmitsburg public schools held regular meeting Wednesday evening when two teachers presented the program and a nominating committee was appointed to report in May when the annual election of officers will be held. Mrs. John Richards presided with 25 in attendance.

Mrs. Rita Remavage, home economics teacher, presented a program on home economics work in the schools. Four girls from the high school, Susan Daugherty, Margaret Plank, Susan McGlaughlin and May Bushman, modeled summer frocks they made in class. Articles from each of the home economics classes in the junior-senior high school were displayed.

Eugene Wood, industrial arts teacher, presented a program on woodworking, basket weaving and copper craft.

Mrs. Harry Scott reported on one of the largest additions the library has received in books and supplies from the Frederick County School Board. # GIRL KILLED, BARN BURNED BY LIGHTNING

By THE ASSOCIATED PRESS  
Violent thunderstorms lashed some sections of Western Pennsylvania last night. Lightning killed a 15-year-old Westmoreland County girl and set fire to two barns. Both were destroyed.

The storms dumped up to three inches of rain and sent small streams out of their banks. They climaxed a warm spring day which sent temperatures into the 80's.

There was nothing unusual in conditions throughout Central and Eastern Pennsylvania.

**Was Chasing Cattle**  
In Western Pennsylvania the storms hit most severely in the Somerset - Westmoreland County area—and in Crawford County almost 125 miles away.

The lightning victim was Jean Kowalkowski, a twin daughter of Mr. and Mrs. Edward Kowalkowski, Apollo, R. 2. She was struck by a bolt of lightning as she ran into a field to help round up a herd of cattle.

Farmers evacuated six herds of cattle stranded by fast rising Thompson's run in Crawford County about three miles north of Titusville. Five families were evacuated from their homes.

**Church Run**  
Church Run, which joins Oil Creek at Titusville, overflowed and flooded Franklin and Martin Streets in Titusville. Firemen pumped out cellars of several business places.

**Barns Are Burned**  
Lightning knocked out utility lines and repair crews worked throughout the night in the Titusville area.

At Grand Valley, lightning fired a barn owned by Von Nichols. A damage estimate wasn't available.

In Somerset County, where several landslides blocked Route 219 for a time, lightning set fire to the barn of Cleitus Penrod, near Boswell. The structure burned to the ground. Penrod estimated his loss at \$15,000.

Most of the streams crested quickly and were reported within their banks today.

## CRIME RATE IN 2 CATEGORIES DOWN IN STATE

**WASHINGTON (AP)**—In the face of a record increase in urban crime throughout the nation, Pennsylvania's crime rate in two of six major categories decreased during 1956, the Federal Bureau of Investigation reported today.

Further, the FBI said in an annual report Pennsylvania's crime rate last year was lower than the national average in all six major crime groupings.

Figures submitted to the FBI by the local police departments showed that Pennsylvania had 3.1 cases of murder and non-negligent manslaughter per 100,000 population in 1956 compared to five per 100,000 in the nation.

It also marked an improvement over the 1955 Pennsylvania figure of 3.2 cases of such crimes per 100,000 population in cities of 10,000 or more residents. The national figure that year was 4.7.

**Other Category**  
Burglary and illegal breaking and entering was the other category in which the Keystone State showed a decrease. The 308.6 cases per 100,000 Pennsylvania population compares favorably with the nation's 1956 average of 445.3.

For the preceding year, Pennsylvania police reported 318.7 burglaries and entering cases per 100,000 against the national figure of 423.

In addition to murder and burglary, Pennsylvania's crime rate was below the national average in these four other categories: Robbery, 57.6 per 100,000 population, compared to 60; aggravated assault, 64.6 against 87.4; larceny-theft, 632.7 against 1,228.4; auto theft, 158.8 against 233.5.

## COUNCIL FIXES EARLY MAY FOR TOWN CLEANUP

The Littlestown Town Council at its April meeting Tuesday evening agreed upon the first full week of May for the annual "Clean Up, Fix Up, Paint Up Week" in Littlestown, and asked that the usual methods for collecting rubbish during that period be followed.

Council asked that rubbish be placed in cartons, boxes or other suitable containers but asked that neither ashes nor garbage be placed for collection in the town cleanup. Residents are asked to take care of disposal of ashes and garbage themselves.

Secretary Roger J. Keefer told council that the matter of the final chain fence and the landscaping plans for the Quarry Water Supply area have been turned over to Albright and Friel, Inc., consulting engineers, to prepare specifications and advertisements for bids for the work to be done.

**Approve 10-Year Contract**

Paul E. Aumen, Metropolitan Edison Company representative, appeared before council in connection with the approaching expiration of the town's contract for street lighting. After some discussion, council authorized approval of the necessary ordinance renewing the contract for 10 years from July. The same rates will apply as under the present contract.

Council discussed with Mr. Aumen possible improvement of lighting arrangements in the town square and Mr. Aumen offered to have a MECO engineer meet with a council committee to go over the matter. Council asked that an additional light on Patrick Ave. and another on Maple Ave. be included in the new contract.

The Street committee reported that progress is being made on the new construction of Rita Marie Ave. and that the work will be completed this week, weather permitting.

**Discuss Street Plans**

There was some discussion in regard to construction of W. Myrtle St. from Patrick Ave. to Rita Marie or Pennsylvania Ave. as a future project and it was pointed out that all sewer and water laterals would be necessary first. Council agreed unanimously that the sewer and water laterals be installed this season after which curbs will be requested of the property owners. Then the building of the street could be set up as a future project.

**Permits Granted**

It was pointed out during the discussion that most of the sewer laterals already have been installed on W. Myrtle St. from Pennsylvania to Delaware Ave. and that this part of the street could be ready for construction this season. This project however was not included in this year's budget.

The borough secretary was directed to notify the Manufacturers Light and Heat Company to repair street surfaces where excavations have been made. The secretary also was authorized to notify the Pennsylvania Railroad to repair a bad crossing at the S. Queen St. crossing.

Water permits were approved by council for the following: Harry A. Syrine, 509 W. Myrtle St.; William S. Baker, 217 E. King St.; James C. Riley, 218 N. Queen St.; Glenn W. Black, Gettysburg R. 1. for property at 60 E. King St. Two-building permits were granted to the Littlestown Community Furniture and Appliance store, 207 S. Queen St., for trimming a shade tree, and Noah V. Brown, 140 Lumber St., to place asbestos siding on a frame dwelling.

Chief of Police Calvin W. Mumford submitted his monthly report to council showing 46 violations for overtime parking, and one each for parking near a fire hydrant and too close to an intersection. Motor code violations totaled seven and there were three robberies investigated. There were four payroll and two funeral escorts.

**\$534 From Meters**

He collected \$534.29 from parking meters in the month.

Borough Treasurer John H. Flickinger reported April receipts of \$2,799 and borough fund expenditures were listed totaling \$4,358 and including \$2,021 as half payment on an air compressor as the largest item. Water fund expenditures came to \$2,669 and those from the sanitary sewer fund came to \$3,047.

The Safety committee brought to the attention of council the need for correcting traffic control signs at Barker Alley. All members of council attended the meeting.

### Three Utilities Seek Raise Boost

**HARRISBURG (AP)**—Three gas companies in Carbon and Northumberland counties today proposed increases for 4,344 consumers totaling \$18,500 annually, effective June 30.

The firms, all with offices in Tamaqua, filed these boosts for manufactured gas with the Public Utility Commission:

Shamokin Gas Co., \$10,256; Jim Thorpe Gas Co., \$4,260, and Lehighton Gas Co., \$3,990. All said they need the additional revenue to meet higher operating costs.

**HARRISBURG (AP)**—Legislation for construction of a \$1-million-dollar bridge over the Chester River in Deleware County was back in the House today after Senate approval.

The bill, passed in the House earlier, was returned for concurrence in Senate amendments. The proposed span would cross the river from Upland to the Chester Expressway in Chester.

## Officers For Emmitsburg's C of C Named

The nominating committee of the Chamber of Commerce presented a slate of officers for the annual election to be held in May at the monthly meeting of the club Monday evening.

Ralph Lindsey was nominated for president, Cloyd Seiss, first vice president; Charles Slaughter, second vice president; Ralph Ireland, secretary, and Daniel Kass, treasurer.

Signs will be erected this week on each of the four approaches to Emmitsburg designating the date of the Bicentennial Week, June 22-June 29, it was reported by Cloyd Seiss.

Col. Thomas Frailey presented an account of the recent election of the United States Chamber of Commerce.

Requests for information pertaining to the altitude and temperature of Emmitsburg were received from Texas and New Mexico this month.

The prize was won by Daniel St. Dr. Gilbert Oddo, of the Mt. St. Mary's College faculty, will receive recognition during the Bicentennial Week in June, as the winner of the contest naming the historical pageant "Valley Echoes," as part of the celebration.

Clay Green and Joseph Sullivan were nominated for the presidency of the Indian Lookout Conservation Club at the monthly meeting Tuesday in the firemen's hall. Other officers presented by the nominating committee included: Jennings Frock and Morris Eyer for vice president; James Kemp and Lamar Green, secretary; Guy McGlaughlin and Jason Sanders, treasurer; Samuel Hays, William McClellan, Harold Hoke, Roland Sanders and Frank Topper as directors.

A report was presented on the Big Hunting Creek project in Thurmont. Signs were posted reading "Built by Indian Lookout Conservation Club of Emmitsburg, Md." on the twenty dams made and repaired on creek this spring.

The president commended the members for the work of weeding and a general clean-up at Rainbow Lake completed recently.

Six new members were accepted into the membership.

It was announced that annual dues are payable May 31.

## 9 Emmitsburgians Get Grange Degrees

The Walkersville Grange was host Wednesday evening to the Frederick County Pomona Grange when 71 candidates took the first and second degrees.

The Emmitsburg Grange team conferred the first degree and presented a tableau and the second degree and tableau were given by the Walkersville Grange.

The nine candidates in the group from Emmitsburg were: Mr. and Mrs. Earl Wilhite, Mr. and Mrs. Keller Misner, Richard Swomley, Paul Beale Jr., Mr. and Mrs. Frank Gillespie and Mr. Plunkert.

A new grange was taken into the Pomona Grange Wednesday evening, making 13 subordinate units in that Grange. The new unit is Tuscarora Grange.

## PTA Program Is Given by Two Teachers

The Parent-Teacher Association of the Emmitsburg public schools held a regular meeting Wednesday evening when two teachers presented the program and a nominating committee was appointed to report in May when the annual election of officers will be held. Mrs. John Richards presided with 25 in attendance.

Mrs. Rita Remavage, home economics teacher, presented a program on home economics work in the schools. Four girls from the high school, Susan Daugherty, Margaret Plank, Susan McGlaughlin and May Bushman, modeled summer frocks they made in class. Articles from each of the home economics classes in the junior-senior high school were displayed.

Eugene Wood, industrial arts teacher, presented a program on woodworking, basket weaving and copper craft.

Mrs. Harry Scott reported on one of the largest additions the library has received in books and supplies from the Frederick County School Board. A new record player and a projector also have been supplied and the school has been notified that in September each teacher will be allowed \$1.50 per pupil for classroom supplies. In the past the figure has been as low as 50 cents per pupil.

Glenn Springer, Arvin P. Jones and Mrs. Edward Meadows were appointed to the nominating committee.

Mrs. Harold Hoke was placed in charge of the program for the next meeting. Refreshments after the meeting were served by Mrs. Fern Baker and Mrs. Earl Rice.

## Britain Joins U. S. In Backing Jordan

LONDON — Britain joined the United States today in proclaiming Jordan's independence and integrity as "essential" for the peace of the Middle East.

Britain still has troops in Jordan although they are being withdrawn following termination of the British-Jordanian mutual defense pact in February.

A Foreign Office spokesman told a news conference today that thus far King Hussein has not asked this country for any sort of help.

The British and American statements were interpreted by some diplomats here as an invitation for young King Hussein to call for help to maintain his throne

## 2 WITNESSES SUSPECTED OF PERJURY

By G. MILTON KELLY  
WASHINGTON (AP)—Fresh information which Sen. McClellan (D-Ark) said may help show who was lying was sent to the Justice Department today along with conflicting testimony of a prostitute and a deputy sheriff.

McClellan declined to give any details of the additional information, except to say it went beyond that heard publicly by the special Senate committee he is directing in a probe of improper labor-management activities.

He concluded a one-day hearing yesterday with the comment that "I'm getting a little tired of this committee being imposed on by liars." He asked "appropriate action" by the Justice Department, and said this could be a perjury indictment.

**Suspect Credibility**  
Yesterday's session was a postscript to earlier public hearings on vice and corruption in Portland, Ore., and involved the credibility of the committee's key witness in the probe, Portland racketeer James B. (Big Jim) Elkins.

The committee, meanwhile, disclosed it is "approaching readiness" for public hearings on labor relations in Philadelphia. McClellan declined to say whether the hearings would come ahead of some of the committee plans on union affairs in New York City.

He said the Philadelphia inquiry would involve "five or six" unions including the Teamsters, and charges of labor-management collusion, misuse of union funds and violence. He did not name the other unions.

## SEEK OPINIONS ON LOTTERIES, BINGO, MOVIES

HARRISBURG (AP)—A legislative showdown appeared to be shaping up today on a plan to sound out voter sentiment on legalizing bingo, lotteries, betting at horse race tracks and Sunday sports and movies.

The House Law and Order Committee sent the plan to the floor of the House last night in a move described by chairman Harry A. Naugle (R-Somerset) as getting the issue "out in the open."

"It's a decision that has been hanging fire for several sessions," he told a newsmen. "Let the people decide the issue once and for all."

**Decision in 1959**  
A "yes" majority for any of these questions would not legalize the particular issue immediately. That would have to be done by the 1959 legislature.

Naugle said "a substantial majority" of the law and order committee voted to send the measure to the floor but declined to give the exact figure.

He said the action was taken to lift what he termed the "pressure" on the members.

The surprise move came as the Senate fixed Monday for a floor vote on separate legislation to allow a statewide referendum on whether betting at horse race tracks should be legalized in the commonwealth.

## BLAME BRAIN INJURY FOR SOME TROUBLES

By HERMAN ALLEN  
PITTSBURGH (AP)—A child is asked to draw a figure like a capital "L." He draws it backwards.

Another is shown a collection of pens and pencils and is asked to tell what they have in common (that they are all used for writing). He can't.

Another can't pay attention in school. Suddenly, for no apparent reason, he will jump up and run around the room.

**Blame Brain Injury**  
A kindergartner doing finger painting will wipe his paint-smeared hand on his smock. Many children do that—but this child wipes the back of his hand, not the front.

Are these children mentally retarded or emotionally disturbed?

Perhaps, some educational specialists said today—but they may have suffered brain injury at birth, or later through accident or illness, which will cause similar symptoms. And there is some promise that brain injury can be corrected to some degree.

**Should Be Reported**  
Interviewed at the convention of the International Council for Exceptional Children, these specialists said the possibility of brain injury is receiving increasing attention. Exceptional children are those who differ from run of the mine children in that they are either physically or mentally handicapped or exceptionally talented.

"More teachers are becoming aware of the possibility," said Ignacy Goldberg of the National

ASAN, for Retarded Children, New York. "Few teachers are equipped to handle brain-injured children, but they can report possible cases to their school psychologist. After that it's up to a medical team to attempt to correct the condition."

cal-psychological-educational team to attempt to correct the damage can be corrected is indicated in early results of an ex-

periment at the Illinois School for Retarded Children at Dixon.

James J. Gallagher of the Uni-

versity of Illinois, which is doing research on the experiment, said that 3 or 4 per cent of a group of 40 brain-injured children receiving special instruction appear to have gained about 20 IQ points in two years.

## 2 WITNESSES SUSPECTED OF PERJURY

By G. MILTON KELLY  
WASHINGTON (P)—Fresh information which Sen. McClellan (D-Ark.) said may help show who was lying was sent to the Justice Department today along with conflicting testimony of a prostitute and a deputy sheriff.

McClellan declined to give any details of the additional information, except to say it went beyond that heard publicly by the special Senate committee he is directing in a probe of improper labor-management activities.

He concluded a one-day hearing yesterday with the comment that "I'm getting a little tired of this committee being imposed on by liars." He asked "appropriate action" by the Justice Department, and said this could be a perjury indictment.

**Suspect Credibility**  
Yesterday's session was a postscript to earlier public hearings on vice and corruption in Portland, Ore., and involved the credibility of the committee's key witness in the probe, Portland racketeer James B. (Big Jim) Elkins.

The committee, meanwhile, disclosed it is "approaching readiness" for public hearings on labor relations in Philadelphia. McClellan declined to say whether the hearings would come ahead of some of the committee plans on union affairs in New York City.

He said the Philadelphia inquiry would involve "five or six" unions including the Teamsters, and charges of labor-management collusion, misuse of union funds and violence. He did not name the other unions.

## SEEK OPINIONS ON LOTTERIES, BINGO, MOVIES

HARRISBURG (P)—A legislative show-down appeared to be shaping up today on a plan to sound out voter sentiment on legalizing bingo, lotteries, betting at horse race tracks and Sunday sports and movies.

The House Law and Order Committee sent the plan to the floor of the House last night in a move described by chairman Harry A. Naugle (R-Somerset) as getting the issue "out in the open."

"It's a decision that has been hanging fire for several sessions," he told a newsman. "Let the people decide the issue once and for all."

**Decision In 1959**  
A "yes" majority for any of these questions would not legalize the particular issue immediately. That would have to be done by the 1959 legislature.

Naugle said "a substantial majority" of the law and order committee voted to send the measure to the floor but declined to give the exact figure.

He said the action was taken to lift what he termed the "pressure" on the members.

The surprise move came as the Senate met Monday for a floor vote on separate legislation to allow a statewide referendum on whether betting at horse race tracks should be legalized in the commonwealth.

## BLAME BRAIN INJURY FOR SOME TROUBLES

By HERMAN ALLEN  
PITTSBURGH (P)—A child is asked to draw a figure like a capital "L." He draws it backwards.

Another is shown a collection of pens and pencils and is asked to tell what they have in common (that they are all used for writing). He can't.

Another can't pay attention in school. Suddenly, for no apparent reason, he will jump up and run around the room.

**Blame Brain Injury**  
A kindergarten going finger painting will wipe his paint-smeared hand on his smock. Many children do that—but this child wipes the back of his hand, not the front.

Are these children mentally retarded or emotionally disturbed?

Perhaps some educational specialists said today—but they may have suffered a brain injury at birth or later through accident or illness which will cause similar symptoms. And there is some proof the brain injury can be corrected to some degree.

**Should Be Reported**

Interviewed at the Convention of the International Council for Exceptional Children, these specialists said the possibility of brain injury is receiving increasing attention. Exceptional children are those who differ from the run of the mill children in that they are either physically or mentally handicapped or exceptionally talented.

"More parents are becoming aware of the possibility," said Dr. Ignatz Goldberg of the National

Assn. for Retarded Children, New York. "Few teachers are able to handle brain-injured children. After that it's up to a medical team to attempt to correct the condition."

That there is some hope brain damage can be corrected is indicated in early results of an experiment at the Illinois School for the Blind at Dixon.

Retarded Children at Dixon, the experiment, said that 3 or 4 per cent of a group of 40 brain-injured children receiving special instruction appear to have gained about 20 IQ points in two years.

## Dilworth And Meehan Called In Probe Of Pardons' Board

By BOB HOLTON

HARRISBURG (AP)—Mayor Richardson Dilworth of Philadelphia today was called to testify before a legislative committee probing the operation of the State Pardons' Board.

The Democratic mayor and former district attorney of the Quaker City was subpoenaed yesterday as he stood in the spectators' area of the State Senate.

The subpoena was requested by a committee member — Sens. Joseph J. Yosko (D-Northampton), who also called for the appearance of Austin Meehan, Republi- can power in Philadelphia and former sheriff of the city.

However, Chairman Edwin W. Tompkins (R-Cameron) said the committee would be polled before any order for Meehan's appearance was sent out.

### Quiz In Gore Case

Dilworth was called to explain what part he took in the imprisonment of Lester Gore, former executive director of the Philadelphia Zoning Board of Adjustments.

Gore was convicted of perjury for testimony to a grand jury looking into reports of bribery in the Philadelphia board. He was sentenced to 1-3 years in prison in

1952. Former Gov. John S. Fine commuted Gore's sentence to eight months on the board's recommendation. In December, 1953, Gore asked the board to grant him a pardon and it was recommended. Gov. Fine delayed action until Jan. 17, 1955, the day before he left office and then granted the pardon.

### Dilworth Is Puzzled

Dilworth said he had no idea what the committee could learn from him. He said he was not district attorney at the time the Gore case was tried. He said, however, that he did object to Gore's petition for commutation and a pardon.

In a letter to Tompkins, Yosko also asked that members of the previous Republican pardons board be called to testify in the Gore commutation and pardon case.

Yosko also requested that Arthur T. Prasse, commissioner of corrections, be recalled to explain further why one Philadelphia killer was sent to Graterford State Prison while two accomplices in the crime were sent to Eastern State Penitentiary.

David Darcy was moved several weeks ago from Eastern Penitentiary.

## Littlestown RECEPTION FOR NEW PASTOR IS WELL ATTENDED

### Truck Aided By Chicken Grits

PORTEGE, Wis. (AP) — Motorists snow-slicked U.S. Highway 51 learned that not even chicken feed is just chicken feed.

A semi-trailer truck which couldn't negotiate a slippery hill blocked a long line of cars, including one occupied by a farmer.

The farmer pulled a pail of chicken grits from his auto, threw the grits under the wheels of the truck, giving it enough traction to ascend the hill.

### Boy, 2, Killed By Ice Cream Machine

LANCASTER, Pa. (AP) — Two-year-old Christian Gllick was killed on his father's farm at nearby Bareville yesterday when his clothing caught in a machine used to make ice cream. His father, Ephraim, was in the barn at the time, but did not know that the boy had wandered into the room where the machine was installed.

### Quake Shatters Town In Turkey

FETHIYE, Turkey (AP) — An earthquake shattered this village on Turkey's southwest coast today killing at least seven persons and injuring 70.

The governor of Mugla province, in which Fethiye is located, said 60 percent of the buildings in the community of 6,000 were destroyed.

A strong quake shook the villages of Marmaris and Milas, also on Turkey's Aegean coast, causing scores of buildings to collapse.

In Marmaris, 43 buildings were reported down.

Tremors were felt at Izmir, seat of NATO's Southeast European headquarters, but no damage was reported there.

The tremors shook every town in Cyprus, and were felt in Israel and in Egypt. No casualties or damage were reported in those places.

### SOME STOCKS ACTIVE

NEW YORK (AP) — Steels, motors, coppers and oils were active as the stock market was irregular with a slight downside tendency in early trading today.

Among key stocks price changes were mainly from fractions to around a point. Some stocks made wider moves.

# Favor 5,000 Scholarships Bill, Oppose Tax On Drinks

Assembly Roundup (B) HARRISBURG (P) — Gov. Leader's proposal that the state give 5,000 college scholarships a year evoked favorable reaction today. But stony opposition greeted his companion plan to revive the cent-a-bottle soft drinks tax to raise \$5 million dollars for the program.

Rep. Albert W. Johnson, House Republican floor leader, said flatly there weren't enough votes to pass a soft drinks levy to raise \$5 million dollars for the program.

"It is very laudatory to give away 5,000 free scholarships every year," said Johnson. "However this would be another step in the direction of the welfare state."

Sen. John H. Dent, Senate Democratic floor leader, said he wholeheartedly favored the Leader scholarship program but that he leaned against revival of the soft drinks tax.

Imposed In 1947

The soft drinks tax was imposed in 1947. It expired four years later. The governor's tax policy advisory committee said last year the levy should be revived to help solve the state's financial dilemma.

In essence, the governor's scholarship program called for:

1. Awarding 5,000 scholarships a year ranging from \$200 to \$800, starting in the 1958-59 school year. They would be awarded on a competitive statewide basis to high school seniors.

2. Creating a 1½-million-dollar revolving fund from which the State Council of Education could make loans to students on the basis of scholastic ability and need. Both graduate and undergraduate students would be eligible.

## Junior Colleges

3. Authorizing first and second school class districts and county school boards to set up junior colleges with classes for college-age men and women. High school buildings, unused at night, would house such institutions.

Other legislative developments:

Horse Race Betting—The State

Council of Churches renewed its

opposition to the horse race bet-

ting referendum bill before the Senate.

The organization's board of directors called upon 8,000 member churches "to wage an unremitting campaign against all bills which would legalize gambling in any form whatsoever."

The referendum bill would not legalize horse race betting but would call for a vote of the people on the question of whether they favor making such betting legal. Additional legislation would be needed to change the law.

Dr. Claude S. Conley, council president, said that "the attempt by the legislators to call for a referendum on gambling is a strategy to bypass their responsibility in the matter."

WOMAN DIES AT AGE OF 107 YEARS

BALTIMORE (P) — Mrs. Mary Hanna Magee, 107, was recommended drinking a cup of hot water every morning, died here Tuesday night.

Despite her age, Mrs. Magee kept up with the news through last week. Her only marked physical impairment was slight deafness.

Mrs. Magee also recommended the daily cup of hot water for curing indigestion and preventing toothaches.

She came to America from Eng-

land with her parents and three

brothers in 1854. The family settled in the Pennsylvania coal region at Pittston.

Her husband, a railroad engi-

neer, died in 1870. They had five

children.

# ERNEST T. WEIR RETIRES FROM OFFICE MAY 16

PITTSBURGH (P) — Ernest T. Weir, 81-year-old founder and board chairman of National Steel Corp., in letter to the board of directors, has announced his retirement, effective May 16.

Weir said "I feel that I should no longer remain active as chairman of the board."

"I am going to recommend to the board of directors at its organizational meeting that Thomas E. (Millsop) who is president of the corporation be made its chief executive officer, by amending the by-laws which now provide that the chairman of the board is the chief executive officer."

Will Be Available

"I want you to know, however, that I will be available for consultation and advice and that the welfare of National Steel Corp. will be my primary interest as long as I live."

The steel-tycoon is the only man who founded a major steel company in the United States and continues to hold executive office in the firm. National is the nation's fifth largest steel producer.

Weir began his steel career with the formation of Phillips Sheet & Tin Plate Co. at Clarksburg, W. Va., in 1903. He organized Weston Steel Co. in 1918 and in 1929 founded National Steel—a merger of Weston, Great Lakes Steel Corp., and subsidiaries of M. A. Hanna Co.

Had Heart Attack

Weir's letter of retirement was read at the annual stockholders meeting on Wednesday shortly after he was re-elected to a position on the board of directors. Weir suffered a heart attack while vacationing in Florida earlier this year and has since undergone what company spokesman said was minor surgery. He is reported recuperating.

Millsop, whom Weir nominated to succeed him as chief executive officer, has been president of National Steel since 1936. He was Margaret Weir

# RESCUE WORKER WITH BALLOON

CLEVELAND (P) — Coworkers of steeplejack Wallace Kanally used a black fishing line with a helium-filled weather balloon as its float to land him from watery skies atop a 250-foot steel smoke stack Tuesday.

They floated the 30-inch observation balloon, borrowed from the Weather Bureau, upward inside the 10-foot-diameter stack. Kanally, a 54-year-old Buffalo steeplejack, caught the fishing line and hauled up a rope. In a few minutes he slid down from the 40-foot ledge where he had been marooned for more than six hours and during a hard thunderstorm.

He was sent to the top of the new stack above a coke oven battery at the Republic Steel plant to move a steel cable from the inside of the chimney to the outside. In this process he accidentally dropped the cable and the rope he'd used in his ascent.

# Dilworth And Meehan Called In Probe Of Pardons' Board

By BOB HOLTON

HARRISBURG (Pa.)—Mayor Richardson Dilworth of Philadelphia yesterday was called to testify before a legislative committee probing the operation of the State Pardons board.

The Democratic mayor and former district attorney of the Quaker City was subpoenaed yesterday as he stood in the spectators area of the State Senate.

The subpoena was requested by a committee member — Sen. Joseph J. Yosko (D-Northampton), who also called for the appearance of Austin Meehan, the Republican power in Philadelphia and former sheriff of the city.

However, Chairman Edwin W. Tompkins (R-Cameron) said the committee would be polled before any order for Meehan's appearance was sent out.

## Quiz In Gore Case

Dilworth was called to explain what part he took in the imprisonment of Lester Gore, former executive director of the Philadelphia Zoning Board of Adjustments.

Gore was convicted of perjury for testimony to a grand jury looking into reports of bribery in the Philadelphia board. He was sentenced to 1-3 years in prison in

1952.

Former Gov. John S. Fine commuted Gore's sentence to eight months on the board's recommendation. In December, 1953, Gore asked the board to grant him a pardon and it was recommended Gov. Fine delayed action until Jan. 17, 1955, the day before he left office and then granted the pardon.

## YANK HELPS TO RESCUE YOUTH FROM CHINESE

TOKYO (AP)—Henry Bush, a veteran American pilot who says he flew deep into Red China on a mercy mission, told an interviewer Wednesday "I didn't even think at the time that it was a serious operation."

"I hate to think now of what might have happened if we'd been forced down," he said.

Bush, 42-year-old pilot for the Venezuelan airline, is on a vacation junket around the world. He told Tuesday how he and British flier flew an eight-hour mission deep into Red China on April 5 in a lumbering two-engine amphibious plane and rescued the son of a rich Chinese.

### Mysterious Contact

The trip began in Hong Kong, he said, after a mysterious contact in Cambodia, secret meetings with a beautiful young Chinese woman who delivered an expertly prepared flight plan, and a midnight boat trip to the Portuguese colony of Macao where the fliers found the plane in readiness.

"I had wanted to go into China anyway just to see the place and maybe that influenced my final decision," said the pilot, whose mother lives at Massapequa, Long Island, N.Y.

He admits now he had no assurance the operation wasn't a trap.

"As it turned out, however, everything was just as they said it would be and we were able to give that little boy back to his father," he said.

## 22 GOVERNORS IGNORE BIDS

WASHINGTON (AP)—Although invitations went out several weeks ago, only seven of the nation's 29 Democratic governors have replied they will attend a party conference here May 4.

Democratic National Chairman Paul M. Butler invited the governors for a conference with congressional leaders to exchange views on related state and federal problems. The meeting will precede a \$100 fund-raising dinner which leaders hope will put a big dent in the party's deficit of more than \$400,000.

The seven governors who so far have accepted are G. Mennen Williams Michigan, Orville L. Freeman, Minnesota, James T. Blair Jr., Missouri, Averell Harriman, New York, Raymond Gary, Oklahoma, George M. Leader, Pennsylvania, and Frank G. Clement, Tennessee.

## Locates Illegal Marked Minefield

UNITED NATIONS, N.Y. (AP)—The U.N.'s top Palestine truce observer said Wednesday he had found an illegal marked minefield in a demilitarized zone on Israel's side of her armistice line with Syria and was "taking steps to have any existing mines removed."

U.S. Col. Byron V. Leary, acting chief of staff of the U.N. truce supervision organization, added, however, he had discovered nothing to support a Syrian charge that Israel was "building military fortifications" in the zone in violation of the 1949 armistice agreement.

## READING'S NET INCOME IS UP

PHILADELPHIA (AP)—The Reading Co. Tuesday reported an increase of 25 cents a share in net income for the first quarter of this year over the same three months of 1956. Net income for the first quarter was \$2,956,443, or \$1.61 a share, compared with \$2,634,231, or \$1.38 a share, for the comparable period of 1956.

Reading at the same time announced plans for the construction of a 61 miles of centralized traffic control at an estimated cost of \$1,306,000. This system introduces

remote electronic control of switches and signals from a single point.

The project, scheduled to get under way May 1, will be completed in two stages over 18 months. The first half will cover the area between Port Clinton and Schuylkill Haven, and on a line from Haucks, Buck Mountain and Tamaqua tunnel with control at Pottsville Junction. The second stage will include territory between West Milton and Williamsport with the control at Milton.

Oklahoma blanked its first three football rivals while the Sooners gathered 147 points.

## MURDER JURY IS SELECTED

CAPE MAY COURT HOUSE, N.J. (AP)—A full panel of 14 jurors has been selected to try George Donald Duncan, for the alleged murder of a Wildwood hotel manager.

The state said it would ask the death penalty for Duncan, who is 27 and a resident of Upper Darby, Pa.

In his opening statement, Cape May County Prosecutor Albert M.

Ash said Duncan was caught in the act of trying to burglarize the Hofbrau Hotel in Wildwood by the manager, James Di Dio. He said Duncan stabbed Di Dio in the heart three times, wounding him fatally.

Duncan, the father of four and a night student at Villanova University, was pictured as a man with no reason to commit burglary by his attorney, former Camden County Prosecutor Samuel Orlando.

Orlando said Duncan had come to Wildwood to celebrate a friend's wedding and had continued his celebration at the hotel.

## SAYS CLARK IS 1960 CANDIDATE

WASHINGTON (AP)—Sen. Clark (D-Pa.) is going to be talked about for the Democratic nomination for President in 1960 whether he likes it or not the Saturday Evening Post reports.

"I've wanted to be a senator ever since I was 14 years old and

The trial will continue before Cape May County Judge Jonathan Acton.

I've never wanted to be anything else," the Post quotes Clark as saying.

But it adds there are two "obvious reasons" why Clark's name will be mentioned as a presidential possibility—a scarcity of serious potential Democratic candidates and the fact that the former Philadelphia mayor is a "proven vote-getter."

In 1951 Clark was the first Democrat to be elected mayor of the Quaker City in 67 years. And last fall he stemmed the Eisenhower tide which carried Pennsylvania by some 600,000 votes to edge out a strong Ike supporter, former

Sen. James H. Duff. The Post article was written by Stewart Alsop.

Successive shutouts tossed by Don Larsen of the Yankees, Clem Labine of the Dodgers and John Kucks of the Yankees in the 1956 World Series marked the first time that happened since 1919.

# ARIZONA COUPLE SPENDS \$192.32 ON FURNITURE

By LAWRENCE MALKIN  
PHOENIX, Ariz. (P)—"It's comfortable, it's ours and it only cost us about \$190." Tom Kirley, a natural-born do-it-yourself fan, was talking about the furniture in his new home.

Three months after Tom and June Kirley moved into their house in a subdivision on Phoenix' northwest side, they had every room furnished with neat, solid furniture. They have bills to prove they spent a total of \$192.32.

The Kirleys are quick to qualify that sum. Like most one-time apartment dwellers, they had a bed, a few lamps and other odds and ends. The house came equipped with a stove and refrigerator, and they owned a TV set and washing machine, and a \$35 jigsaw.

## Not Makeshift

"And I want you to know," Kirley said pointedly, "everything in this house is just what we wanted. It's not makeshift."

The furnishings bear him out. Kirley is a sheet metal specialist at an aircraft research laboratory. He tries to spend an hour or so each day working on something new for his home.

The Kirleys picked up their tubular steel breakfast set for \$4, and recovered it with three dollars worth of plastic fabric. It looks as good as new.

The Kirleys' 4-year-old son, Mike, sleeps in an Army bunk bed that cost \$8. The other half is out in the garage until Jo Anne, the family's baby daughter, outgrows her crib.

## Cattle Brands

Kirley painted the bed white and burned in Western cattle brands. A \$19 chest of drawers is decorated to match, with black horseshoe handles made out of scrap plywood.

The dining room table and chairs, which are made from solid oak, were found in a secondhand store for \$29. "You don't find them built like that anymore," he said. "I'll sand down the top and varnish it when I get

**DUAL ATTRACTION** — Both the camel and Italian screen star Sophia Loren appear to be attracted to one another during a break in the filming of a movie in the Libyan desert.

Streetcars of the Washington, D. C., Capital Transit Company make no better time on F Street, site of the capital city's largest department stores, than the horse-driven cars did nearly a century ago. Riding the streetcars down this shopper's mecca, passengers travel at an average speed of four miles an hour, the same as dobbin's pace when pulling a car in 1862. Electric power is no faster than the four-footed predecessors because F Street is one of the busiest thoroughfares in Washington and traffic congestion constantly retards the rail cars.

A postwar railway organization which is proving remarkably successful is the international freight car pool known as EUROP. Under "Bureau EUROP," freight cars cross international borders, much as those in the United States cross state lines, and are re-loaded at destination points to reduce the number of wasteful empty return trips. A saving of as high as 200,000 empty car-miles a day is being effected. Ten national rail networks are parties to the cooperative effort — those of

## Driver Confesses And Pays Bill

STUART, Okla. (P)—Carl Frazier, who operates a filling station here, would like to know the name of his honest, impatient customer.

The motorist, apparently low on gas, broke the glass door at his filling station one night, unlocked the gas pump, filled his tank, locked the pump and returned the key.

The next day Frazier received a letter postmarked from a nearby

Austria, Belgium, Denmark, France, Germany, Italy, Luxembourg, Holland, the Saar and Switzerland. The central office is in Berne, Switzerland. The hope of the participating rail lines is that eventually every system on the European main land will join the pool.

If you're a shower-shiverer when the hot water supply runs a bit low, consider the hardy constitution of railroad conductor William Wohl, of Chicago. Zero—even below zero—weather doesn't keep the forty-seven-year-old Mr. Wohl from the daily swim in Lake Michigan that has been his custom for the past two years. He enjoys four hours a day on the beach in summer. In winter, his only concession to frigid temperatures is that he limits his plunge in the lake to five minutes each day.

## YANK HELPS TO RESCUE YOUTH FROM CHINESE

TOKYO (AP)—Henry Bush, a veteran American pilot who says he flew deep into Red China on a mercy mission, told an interviewer Wednesday "I didn't even think at the time that it was a serious operation."

"I hate to think now of what might have happened if we'd been down," he said.

Bush, 42-year-old pilot for the Venezuelan airline, is on a vacation junket around the world. He told Tuesday how he and British flier flew an eight-hour mission deep into Red China on April 5 in a lumbering two-engine amphibious plane and rescued the son of a rich Chinese.

### Mysterious Contact

The trip began in Hong Kong. He said, after a mysterious contact in Cambodia, secret meetings with a beautiful young Chinese woman who delivered an expertly prepared flight plan, and a midnight boat trip to the Portuguese colony of Macao where the fliers found the plane in readiness.

"I had wanted to go into China anyway just to see the place and maybe that influenced my final decision," said the pilot, whose mother lives at Massapequa, Long Island, N.Y.

He admits now he had no assurance the operation wasn't a trap.

"As it turned out, however, everything was just as they said it would be and we were able to give that little boy back to his father," he said.

## 22 GOVERNORS IGNORE BIDS

WASHINGTON (AP)—Although invitations went out several weeks ago, only seven of the nation's 29 Democratic governors have replied they will attend a party conference here May 4.

Democratic National Chairman Paul M. Butler invited the governors for a conference with congressional leaders to exchange views on related state and federal problems. The meeting will precede a \$100 fund-raising dinner which leaders hope will put a big dent in the party's deficit of more than \$400,000.

The seven governors who so far have accepted are G. Mennen Williams Michigan, Orville L. Freeman, Minnesota, James T. Blair Jr., Missouri, Averell Harriman, New York, Raymond Gary, Oklahoma, George M. Leader, Pennsylvania, and Frank G. Clement, Tennessee.

## Locates Illegal Marked Minefield

UNITED NATIONS, N.Y. (AP)—The U.N.'s top Palestine truce observer said Wednesday he had found an illegal marked minefield in a demilitarized zone on Israel's side of her armistice line with Syria and was "taking steps to have any existing mines removed."

U.S. Col. Byron V. Leary, acting chief of staff of the U.N. truce supervision organization, added, however, he had discovered nothing to support Syrian charge that Israel was "building military fortifications" in the zone in violation of the 1949 armistice agreement.

## READING'S NET INCOME IS UP

PHILADELPHIA (AP)—The Reading Co. Tuesday reported an increase of 25 cents a share in net income for the first quarter of this year over the same three months of 1956. Net income for the first quarter was \$2,956,448, or \$1.61 a share, compared with \$2,634,231, or \$1.38 a share, for the comparable period of 1956.

Reading at the same time announced plans for the construction of 61 miles of centralized traffic control at an estimated cost of \$1,306,000. This system introduces

remote electronic control of switches and signals from a single point.

The project, scheduled to get under way May 1, will be completed in two stages over 18 months. The first half will cover the area between Port Clinton and Schuylkill Haven, and on a line from Haucks, Buck Mountain and Tamaqua tunnel with control at Pottsville Junction. The second stage will include territory between West Milton and Williamsport with the control at Milton.

Oklahoma blanketed its first three football rivals while the Sooners gathered 147 points.

## MURDER JURY IS SELECTED

CAPE MAY COURT HOUSE, N.J. (AP)—A full panel of 14 jurors has been selected to try George Donald Duncan for the alleged murder of a Wildwood hotel manager.

The state said it would ask the death penalty for Duncan, who is 27 and a resident of Upper Darby, Pa.

In his opening statement, Cape May County Prosecutor Albert M.

Ash said Duncan was caught in the act of trying to burglarize the Hofbrau Hotel in Wildwood by the manager, James Di Dio. He said Duncan stabbed Di Dio in the heart three times, wounding him fatally.

Duncan, the father of four and a night student at Villanova University, was pictured as a man with no reason to commit burglary by his attorney, former Camden County Prosecutor Samuel Orlando.

Orlando said Duncan had come to Wildwood to celebrate a friend's wedding and had continued his celebration at the hotel.

## SAYS CLARK IS 1960 CANDIDATE

WASHINGTON (AP)—Sen. Clark (D-Pa.) is going to be talked about for the Democratic nomination for President in 1960 whether he likes it or not the Saturday Evening Post reports.

"I've wanted to be a senator ever since I was 14 years old and

The trial will continue before Cape May County Judge Jonathan Acton.

I've never wanted to be anything else," the Post quotes Clark as saying.

Sen. James H. Duff, The Post article was written by Stewart Alsop.

Successive shutouts tossed by Don Larsen of the Yankees, Clem Labine of the Dodgers and John Kucks of the Yankees in the 1956 World Series marked the first time that happened since 1939.

## KNUCKLER AIDS TRUCKS AS KC HILL PROSPECT

By FRANK ECK  
AP Sports Editor  
WEST PALM BEACH, Fla. (AP)—Virgil Trucks, one of the veteran pitchers with whom Manager Lou Boudreau hopes to lead Kansas City out the American League cellar, was fooling around with a knuckle ball.

"Hey, that looks pretty good," remarked Boudreau.

"I'm going to give it a try this season," said Trucks. "It's the pitch that made Frank Lary a 20-game winner with Detroit last season."

Trucks would be in a good position to know for he was with Detroit until the Tigers traded him in a package deal with the Athletics last December.

**Help To Lary**

"The knuckle gave Lary a change of pace, which to him was another pitch," Trucks remarked later. "He had the fast ball, curve and slider his first year in '55 and won 14. But he really became a star last year, his second time out."

"The knuckle gave him a fourth pitch and a valuable one. It broke the strike of the batter. He has a good fast ball motion to go with the knuckle. It's a great pitch to use with two strikes and no balls on the batter. It's not a good 3-2 pitch, but best used when a pitcher is ahead of the batter."

Trucks demonstrated his grip for the knuckle. He uses the knuckles of his index and middle fingers and actually it is an old-time knuckle, not the kind that many pitchers throw today by putting two finger tips or nails on the ball.

**Believes In Self**

Trucks, now in his 16th major league season with 166 wins to his credit, figures to get a good chance with the A's although he won only six games with Detroit last season. He hurt a knee in training and an ankle during the season but otherwise was sound of arm. Though he is crowding 38, he figures he can help the A's.

"Detroit had young kids (Larry, Billy Hoeft and Paul Foytack) and just pitched them," Trucks remarked. "Getting back to the knuckle, I never had tried it seriously. I got by pretty well without it. Paul Richards (when he managed the White Sox) taught me a slip pitch. Some call it a palm ball. That was the extra pitch I needed all along. I won 39 games in two years under Richards at Chicago."

"Now I'm adding the knuckle and this spring I'll be working on it quite a bit. It's a pretty good pitch. It's hard to control, but if I hit anybody, it won't hurt him."

## Denver Club Signs Softball Pitcher

DENVER, Colo. (AP)—Don't look now, folks, but the Denver Bears of the Class AAA American Association have signed softball pitcher.

The pitcher is Bob Fesler. As a softball star, he carved 55 no-hitters.

This is Fesler's second crack at organized baseball. In 1955, he got a tryout with Seattle of the Pacific Coast League. Hurting under-hand from the 46-foot softball distance, he fanned all 11 regulars of the Sacramento and Seattle clubs who faced him.

Jeff Heath, a former major leaguer, struck out against Fesler at the regular baseball distance of 60 feet, 6 inches. Fred Hutchinson, then Seattle manager and now St. Louis Cardinal skipper, pitched Fesler in both games of a doubleheader.

Fesler received a rude reception in both games. Control was his big trouble. Since then, though, the scouts say Fesler's control has improved.

## Keep Phone Out Of Dog's Reach

LOUISVILLE, Ky. (AP)—The telephone company trouble shooter was puzzled after Mrs. J. R. Jones told him:

"We never leave the receiver off the hook. We never answer any ring on the party line but our own."

The telephone rang. Into the room bounded Lindy, the family's sheep dog. With a sweep of his paw, Lindy knocked the phone from its stand, the receiver flying to the end of the cord.

There's no more trouble—the phone is now out of Lindy's barking reach.

## Fire Dept. Credited With Pigeon Rescue

BOWLING GREEN, Ky. (AP)—Credit the city fire department with the extraordinary rescue of a pigeon.

Someone had tied a 10-foot piece of string to the bird and compounded the felony by attaching a stick to the twine.

A pedestrian spotted the pigeon hanging head down, flapping helplessly, from a telephone line and called the Fire Department.

Fireman Wallace Westbrook, dispatched to the scene in a ladder truck, set the pigeon free.

**A RUSSIAN ORDER**

MILWAUKEE (AP)—The operator of a Milwaukee household retail chain has received a \$300 order from Moscow Russia.

Charles Lubotsky said the order, for 10 sets of unbreakable plastic dishes, was signed by M. Sgt. W. B. Anderson for the American House, connected with the American Embassy in Moscow.

Anderson wrote Lubotsky that he saw his stores' advertisements in a newspaper.

## IKE WATCHING JORDAN CRISIS; BOLSTERS KING

By MARVIN L. ARROWSMITH

AUGUSTA, Ga. (UPI)—President Eisenhower keeps a close watch today on the crisis in the Jordan government after moving to bolster young King Hussein's shaky regime against collapse and possible Communist control.

The President, mixing work and vacation at the Augusta National Golf Club, discussed the tense situation by telephone with Secretary of State Dulles yesterday.

Afterwards, they put out a statement saying they regard "the independence and integrity of Jordan as vital" to U.S. interests and world peace.

## Warning And Invitation

It was at once a warning against any Communist aggression in Jordan and a seeming invitation to that small Mideast nation to ask for American aid.

On the latter count, White House press secretary James C. Hagerty took pains to indicate that the cloth cut when Congress recently approved Eisenhower's anti-Communist Middle East resolution could well fit the Jordan situation.

That resolution provides for granting U.S. military and economic aid to any Communist-threatened Mideast nation which asks for it. One section of the resolution, Hagerty volunteered, says:

## Stirred By Unrest

"The United States regards vital to the national interest and world peace the preservation of the independence and integrity of the nations of the Middle East."

This was the first time since its approval by Congress a few weeks ago that the administration has cited the Eisenhower Mideast doctrine in such a pointed way in relation to any crisis in that area.

The President's concern obviously was stirred by continuing unrest in Jordan, where two Cabinet ministers reported that Premier Hussein Khalid's government had resigned. It had been under constant attack since it took over at King Hussein's request eight days ago.

The King blamed his country's troubles on "international communism and its followers" and said the threat would be overcome.

## Freedom needs educated people

Our colleges and universities face a crisis. Already pressure for enrollment is straining their capacity. By 1967 it may increase 100%.

It's not just a matter of adding classrooms, laboratories and dormitories. Facilities must be increased and high standards of teaching maintained. That means adequate salaries for professors.

America needs educated people as never before. For your own sake and the sake of the country, help the colleges or universities of your choice—now!

If you want to know what the college crisis means to you, write for free booklet to HIGHER EDUCATION, Box 36, Times Square Station, New York 33, New York.

## FAVOR PUTTING NEW SHORTWAY ON INTERSTATE

HAZLETON, Pa. (UPI)—The Northeast Pennsylvania Industrial Development Commission has sent to federal and state leaders a resolution demanding that the proposed Keystone Shortway be placed on the federal interstate and national defense highway system.

Victor H. Diehm, president of the commission, said the resolution sent out Tuesday was adopted unanimously at a commission meeting April 12. The resolution calls for the immediate approval of the suggested Sharon-Stroudsburg expressway.

The resolution came, Diehm said, when State Highway Secretary Joseph J. Lawler indicated additional surveys would be needed before the federal government takes any concrete action on the proposed highway.

Will Seek Support

Diehm said his organization would continue to "communicate with all federal agencies and regional congressmen to seek their immediate support for a drive to have the Bureau of Public Roads accept, at once, the designation of the Keystone Shortway on the new interstate and defense highway.

The King blamed his country's troubles on "international communism and its followers" and said the threat would be overcome.

Diehm said the proposed highway would provide an express highway across northern Pennsylvania not only for military use in wartime but would grant "highway access to areas where such access does not now exist, permit the expansion of inadequate highway facilities to prove for ever increasing vehicular production and operation, and open up inaccessible regions on which Pennsylvania must depend in the future as it spreads its economic base."

## CLAIMS SCHOOL PLAN WILL NOT BE EXTRA COST

HARRISBURG (UPI)—Dr. Clarence Ackley, deputy superintendent of public instruction, contended on Wednesday that the administration-backed school reorganization plan would not cost anything additional during the coming 1957-59 fiscal period.

"If passed as it is now in the Senate it would not entail any additional budgetary costs at all during the coming biennium," he said in disputing a claim by Sen. Paul L. Wagner (R-Schuylkill).

Wagner said Tuesday that the proposal would not be approved because "it's an extra layer of school expansion that will cost more money."

## Replace Superintendent

The reorganization plan would replace the county superintendent's office with a minimum of 47 regional "intermediate" service areas.

Dr. Ackley said that the intermediate areas could not be set up and operating until early in 1959 at the soonest and wouldn't have budgets set up before the beginning of the 1959-61 fiscal period.

However, he said the best estimate was that the reorganization, once under full operation would cost from \$4 to 1 million dollars every two years.

The money would go toward new services not now provided by most school districts, he said.

## WOMAN BEATEN BY THUG, DIES

PHILADELPHIA (UPI)—The wife of a Philadelphia business executive died in Germantown Hospital Wednesday of head injuries sustained in a vicious attack by a thug who stole her purse containing \$15. Police said Mrs. Agnes H. Sharpe, 58, was beaten on the head with a rock Tuesday by a man who accosted her as she sat in her parked automobile outside a

fashionable apartment house in the Germantown section of the city.

Mrs. Sharpe died at 7 a.m. Wednesday after being in a coma much of the time following the attack.

## No Eye Witness

There were no witnesses, police said. Mrs. Sharpe's husband, Russell J. Sharpe, treasurer of the American Water Works Service Co., Inc., was at his downtown office at the time.

About a third of the 1956 lumber production went into home construction in the U. S.

# ISSUE APPEAL FOR WOMEN TO BE ENGINEERS

WINDSOR LOCKS, Conn. (AP) — Wanted: more women engineers. College girls in search of careers would do well to consider the slide, says Rose Worobel, a pioneer of 14 years standing in the Hamilton Standard Division of United Aircraft Corp. here.

It was a rough road in the beginning, says Rose, but today's girl engineers will find the way smoothed for them with a prospect of equal opportunities with men.

"When women first went into industry as engineers, we had to do a better job than the men, and even cater to them a bit," says Rose. "Now women are accepted as a matter of course, and the future holds great opportunities."

## Begins Course

Miss Worobel started her engineering career in 1943, after graduation from Bates College and a six-month course at Penn State University. At this time women were getting their first chance to break into the engineering ranks, because of the shortage of male engineers during the war.

She now holds down the important post of technical supervisor, coordinating work and conducting performance calculations on propellers, as well as working on designs for propeller blades. She works closely with some 50 men engineers daily on ideas for equipment for tomorrow's airplanes.

At present Rose is midway through a three-year night course at Rensselaer Polytechnic Institute's Graduate School to earn her master's degree in engineering.

## MENNONITES HELP STARVING

AKRON, Pa. (AP) — Devout Mennonites are turning out more than 2,000 pounds of canned beef a day in a new plant built here expressly to supply the needs of the world's starving people.

In the first week of operation 30 volunteer workers, putting in full eight-hour days, processed more than 11,000 pounds of meat. The plant is a project of the Mennonite Board of Missions and Charities. Production of the \$20,000 factory is for shipment to such needy areas as Jordan, Korea, Hungary and Viet Nam.

## Prepare Meat

The scene in the 40-by-70-foot factory is a picturesque one, as women in distinctive Mennonite caps work beside aproned men at long tables where the meat is prepared for canning. The meat is cooked in great kettles, canned and packed in cartons to await overseas shipment.

The beef, some donated, some purchased by the board, arrives early each day from slaughter houses, to be processed by the volunteer workers. Landis Hershey, who directs the operation, says after the current six-week project is completed any group which wants to pack food for relief projects will be allowed to use the plant.

## Lay Cork To Smother Noise

DENVER (AP) — A two-inch blanket of cork was laid under a downtown Denver street to keep traffic noise out of the basement of a new hotel and department store.

After excavating under the street for the basement, workmen placed a new surface on one block of Court Place, between 15th and 16th streets.

The cork was placed atop a concrete slab that makes up the ceiling of the fourth floor of the huge basement. Five layers of waterproofing were placed on the cork before a 10-inch concrete slab was poured to form the foundation for a two-inch asphalt street surface.

## Brain Waves In Thinking Class'

BENTON HARBOR, Mich. (AP) — The air is filled with brain waves at Benton Harbor's class in "creative thinking."

The idea factory was thought up by Michigan State University Prof. Harold E. Gray. His students are junior executives, research engineers and advertising men.

The class gets together for two hours once a week and thinks. It then narrows discussion to practical solutions for local problems.

Prof. Gray says he hopes eventually the class will be able to "free its thoughts" to develop new ideas in work and hobbies.

## Cabbie Gives Passenger 'Ride'

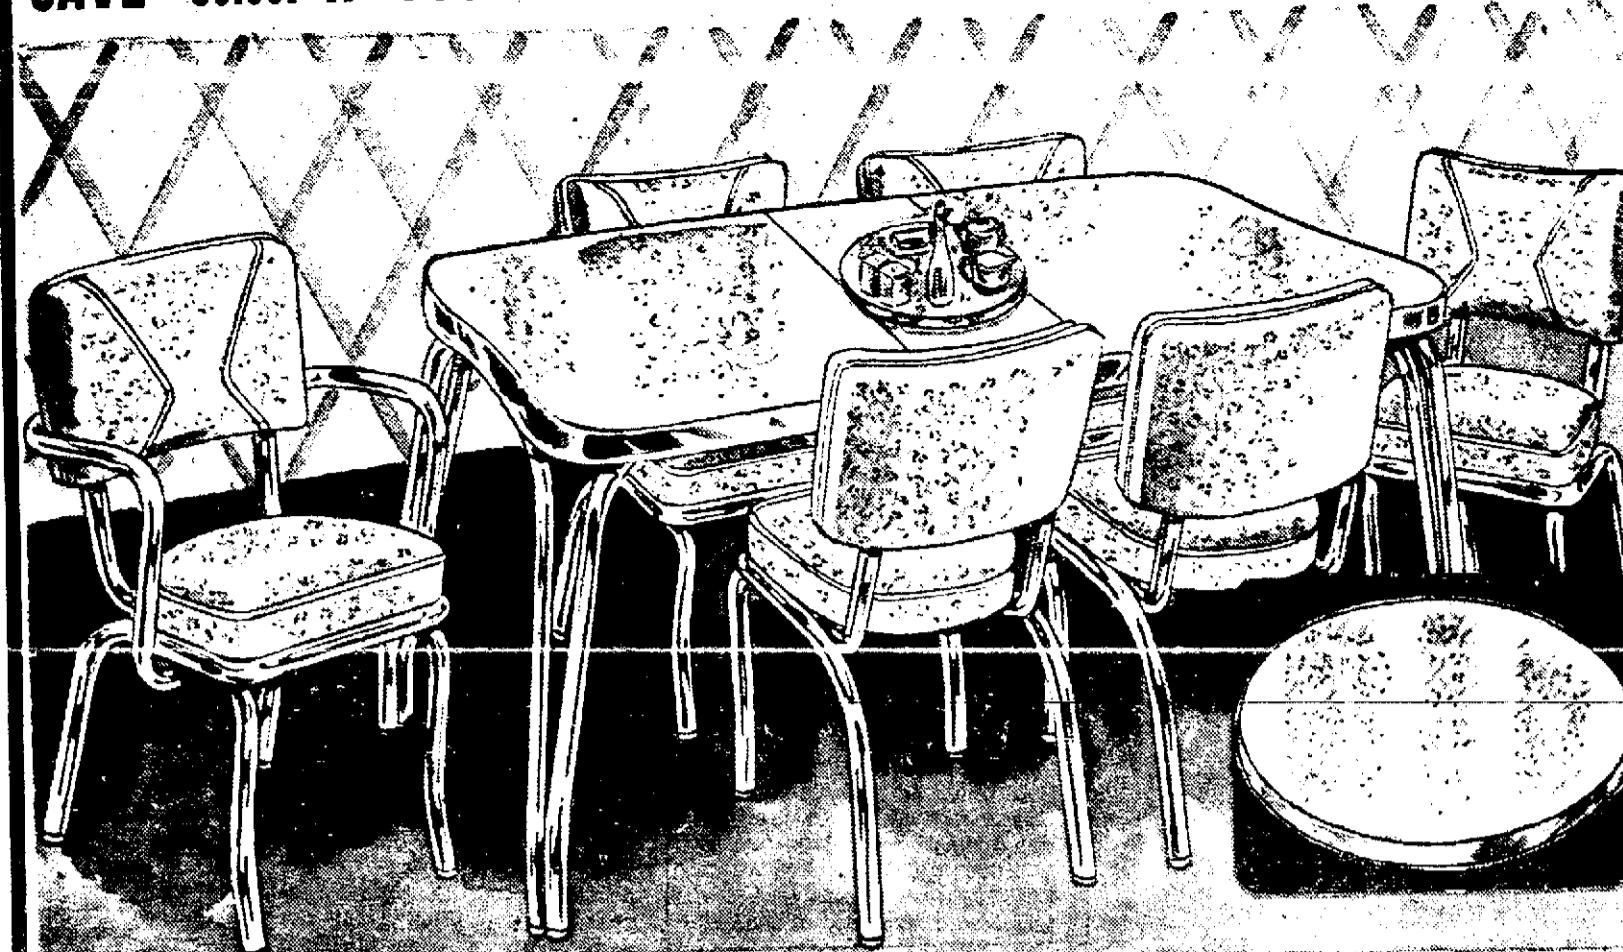

OKLAHOMA CITY (AP) — A visitor to Oklahoma City complained to police he was "taken for a ride" by a taxi-driver.

He said he took a taxi to a night-club, then invited the driver to join him in a drink.

After they had finished drinking the cab driver demanded \$8.95. The driver claimed that was how much time had been run up on the meter while they were inside.

FREDERICKSBURG, Va. (AP) — For Mansfield Brown of nearby Madison, it was literally the thrill of a lifetime. Hunting since he was a youth, Brown, 79, bagged a 171-pound buck — his first.

## Some Feel Egypt's Suez Plan Not Final; Others Disagree

By WILLIAM N. OATIS

UNITED NATIONS, N. Y. (AP) — Hope was held in some quarters at the U.N. today that Egypt's plan for running the Suez Canal might still be subject to some change. Others felt President Nasser had laid down his final rules for operation of the vital Middle East waterway.

Delegates generally declined on-the-record comment on the plan that provides complete Egyptian control over operations and toll money but calls for arbitration of disputes.

Acting at the request of U.S. Delegate Henry Cabot Lodge, the Security Council scheduled for tomorrow a hearing in the canal issue. Lodge said the council should "take note of the situation regarding passage through the Suez Canal."

### No Penalties Provided

A U.S. spokesman said Lodge would report on the recent Egyptian-U.S. canal talks in Cairo and that the council debate would not close the door to future private negotiations. He said the United States does not plan a resolution calling for any council action, but

a request for the meeting does not mean the United States is in substantial agreement with Egypt.

The Egyptian canal plan was submitted to Secretary General Dag Hammarskjold by Egyptian Delegate Omar Loutfi for registration as an "international instrument." Egyptian officials insisted it would have the force of an international treaty registered with the United Nations, but the declaration provided no penalties for anyone violating it.

### What It Said

The declaration said Egypt would: (1) maintain free and uninterrupted navigation "within the limits and in accordance with the provisions" of the 1888 Constantinople Convention; (2) collect all tolls, paying the Egyptian government 8 per cent in royalties; (3) establish a fund of 25 per cent of all tolls for canal development; (4) limit toll increases to 1 per cent a year unless negotiations with users provided for more.

The memorandum also said any dispute over canal operation regulations would be referred to a three-man group, one named by the complaining party, one by the Egyptian Canal Authority and the third by mutual agreement or by the head of the World Court if there is no agreement.

### To Arbitrate Disputes

Disputes on compensation to former canal company shareholders would be arbitrated "in accordance with established international practice." Disputes over interpretation of the 1888 convention or the Egyptian memorandum would go to the World Court if they could not be settled under the U.N. Charter.

DANCING DOLL — Girl poses in Nuremberg with radio transmitter which can set this new German doll to dancing. Doll, mounted on wheels, has receiving equipment under skirts.

Suez declaration, Egypt claimed it was in line with Egypt's understanding of the six principles adopted Oct. 13 by the Security Council for a canal settlement. Egypt accepted the proposals at that time.

Those principles included (1) provision for "free and open transit through the canal without discrimination," (2) respect for Egyptian sovereignty, (3) insulation of the canal operation from the politics of any country, (4) fixing of tolls and charges by agreement between Egypt and the users, (5) allotment of a fair proportion of tolls for development and (6) arbitration of disputes between the Suez Canal Co. and the Egyptian government.

#### French Line Stronger

The New York Times said in a dispatch from Washington that the United States appeared ready to accept Egypt's terms for operating the canal as the best obtainable under the circumstances but as an "interim" arrangement. The Times said the British delegation is expected to insist that the Egyptian document is not acceptable even as a de facto arrangement and will not authorize their ships to use the canal at this time, according to the Times.

## Stamp News

By SYD KRONISH

The Associated Press

Three cheers for the little principality to Monaco.

A welcome addition to the philatelic world can be reported. It's a new set featuring the pretty profile of Princess Grace. The set of nine stamps commemorates the birth of Princess Caroline last Jan. 23.

This issue also marks the second appearance of the former movie star since she attained regal status. And, if this set proves as popular as the royal wedding adhesive, the Monaco postal authorities will be in for a busy time.

The nine denominations are:

1, 2, 3, 5, 15, 25, 30, 50 and

50 francs.

Showing no favoritism to either labor or management, the Finnish postal authorities have announced two new stamps honoring the 50th anniversary of the Trade Union Movement and the Central Federation of Finnish Employers.

A 20 markka to commemorate the Union's anniversary is now on sale. A 20 markka for the Employers' group will be issued in September.

Australia Centenary

Australia has issued a new 4 pence stamp to commemorate the centenary of responsible government in South Australia.

The new stamp, brown red in color, is of the same size and format as the 4 pence Olympic Games adhesive.

The design is a representation of the Coat of Arms of the state of South Australia together with suitable inscriptions.

## Bible Words for Today

GALATIANS 2:20—"I have been crucified with Christ; it is no longer I who live, but Christ who liveth in me; and the life I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself for me." (RSV)

These passages from the Bible are powerful. They outline the outlook on life which Paul the Apostle had so that he could exclaim, "I

can do all things through Christ who strengthens me."

These sentences of Paul the Apostle show us, then, how to be at our best when facing life at its worst.

They inform us that basic in all living is the function of crucifixion: suffering misfortune in order that someone else may be spared something; or loss of self for the benefit of another. Why this principle should be operative only God knows; but He has given us also the source of the strength to live.

# Some Feel Egypt's Suez Plan Not Final; Others Disagree

By WILLIAM N. OATIS

UNITED NATIONS, N. Y.—A request for the meeting does not mean the United States is in substantial agreement with Egypt. The Egyptian canal plan was submitted to Secretary General Dag Hammarskjold by Egyptian Delegate Omar Louafi for registration as an "international instrument." Egyptian officials insisted it would have the force of an international treaty registered with the United Nations, but the declaration provided no penalties for anyone violating it.

Delegates generally declined on-the-record comment on the plan that provides complete Egyptian control over operations and toll money but calls for arbitration of disputes.

Acting at the request of U.S. Delegate Henry Cabot Lodge, the Security Council scheduled for tomorrow a hearing in the canal issue. Lodge said the council should "take note of the situation regarding passage through the Suez Canal."

## No Penalties Provided

A U.S. spokesman said Lodge would report on the recent Egyptian-U.S. canal talks in Cairo and that the council debate would not close the door to future private negotiations. He said the United States does not plan a resolution calling for any council action, but

a request for the meeting does not mean the United States is in substantial agreement with Egypt.

The Egyptian canal plan was submitted to Secretary General Dag Hammarskjold by Egyptian Delegate Omar Louafi for registration as an "international instrument."

Egyptian officials insisted it would have the force of an international treaty registered with the United Nations, but the declaration provided no penalties for anyone violating it.

## What It Said

The declaration said Egypt would: (1) maintain free and uninterrupted navigation "within the limits and in accordance with the provisions" of the 1888 Constantinople Convention; (2) collect all tolls, paying the Egyptian government 5 per cent in royalties; (3) establish a fund of 25 per cent of all tolls for canal development; (4) limit toll increases to 1 per cent a year unless negotiations with users provided for more.

The memorandum also said any dispute over canal operation regulations would be referred to a three-man group, one named by the complaining party, one by Egypt's Suez Canal Authority and the third by mutual agreement or by the head of the World Court if there is no agreement.

## To Arbitrate Disputes

Disputes on compensation to former canal company shareholders would be arbitrated "in accordance with established international practice." Disputes over interpretation of the 1888 convention or the Egyptian memorandum would go to the World Court if they could not be settled under the U.N. Charter.

Suez declaration, Egypt claimed it was in line with Egypt's understanding of the six principles adopted Oct. 13 by the Security Council for a canal settlement. Egypt accepted the proposals at that time.

Those principles included: (1) provision for "free and open transit through the canal without discrimination"; (2) respect for Egyptian sovereignty; (3) insulation of the canal operation from the politics of any country; (4) fixing of tolls and charges by agreement between Egypt and the users; (5) allotment of a fair proportion of tolls for development; and (6) arbitration of disputes between the Suez Canal Co. and the Egyptian government.

## French Line Stronger

The New York Times said in a dispatch from Washington that the United States appeared ready to accept Egypt's terms for operating the canal as the best obtainable under the circumstances but as an "interim" arrangement. The Times said the British delegation is expected to acknowledge Egypt's plan as the de facto regime and to announce that British ships have been authorized again to use the canal, but to em-

The French, taking a stronger line, were expected to insist that the Egyptian document is not acceptable even as a de facto arrangement and will not authorize their ships to use the canal at this time, according to the Times.

## Bible Words for Today

GALATIANS 2:20—"I have been crucified with Christ; it is no longer I who live, but Christ who liveth in me; and the life I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself for me." (RSV)

These passages from the Bible are powerful. They outline the outlook on life which Paul the Apostle had so that he could exclaim, "I

## Steel Commemorative

U.S. collectors will want to note that the special commemorative to honor the 100th anniversary of the steel industry will be placed on the first day sale May 22 at New York. The issuance coincides with the 65th general meeting of the Iron and Steel Institute.

The commemorative honoring the "Teachers of America" will be first placed on sale July 1 at Philadelphia during the Centennial Convention of the National Education Assn.

First day cancellations may be obtained prior to those dates at the specific post offices mentioned.

Showing no favoritism to either labor or management, the Finnish postal authorities have announced two new stamps honoring the 50th anniversary of the Trade Union Movement and the Central Federation of Finnish Employers.

A 30 markka to commemorate the Union's anniversary is now on sale. A 20 markka for the Employers' group will be issued in September.

## Australia Centenary

Australia has issued a new 4 pence stamp to commemorate the centenary of responsible government in South Australia. The new stamp, brown red in colors, is of the same size and format as the 4 pence Olympic Games adhesive.

The design is a representation of the Coat of Arms of the state of South Australia together with suitable inscriptions.

can do all things through Christ that strengtheneth me." They assure to every earnest believer the fact that he who may mean you, can do likewise.

Why this principle should be operative only God knows; but He has given us also the source of the strength to live by it.

Thus, while we cannot understand evil, we, as believers in God, know what to do in the face of it: we do in our particular tasks, wherever we are, what Jesus Christ did in His unique task on Calvary. Besides, we are given from hidden resources the power to take this brave and cheerful attitude, by virtue of Christ's dwelling in us through the placement of our faith implicitly in Him!

1 PETER 3:10—"For he that will love life and see good days, let him refrain his tongue from evil, and his lips that they speak no guile."

(King James Version)

The Apostle Peter is here giving us the secret to loving life, and how to have good days. Many endure life, many are bored with

life, while others are just existing from day to day.

Peter says the refining of the tongue from evil, which literally means stopping the tendency of the tongue to speak evil of others, will so improve our relationship with others that love will return into our relationship with life. Further, the things which spoil our days, which usually can be attributed to maladjustments with others, will be corrected and our days will be known as "good days."

This is Christianity working where tragically too few allow it to work.

The Christ who can cleanse and conquer our hearts is equally able to do the same for this ruiner of life and spoiler of days, the tongue unrestrained from speaking evil about and to others.

PITTSBURGH 16 — Westinghouse Electric Corp. will build an 11,500-kilowatt atomic power plant to supply Belgium with electrical energy by the end of 1959.

The firm said Tuesday it has signed a contract for the plant with the Societe Cooperative Electro Nucleaire of Brussels. It said the contract is the first "firm and complete" agreement for export of an atomic power unit.

## Seek More Funds For Penn State

HARRISBURG 16 — Sen. Jo Hays (D-Centre) yesterday asked that the proposed appropriation to Pennsylvania State University be increased by \$1,280,000.

"The proposed appropriation for the university for the next two years as contained in a House measure makes no gesture for any new programs," Hays told the Senate.

He said his measure would increase the proposed appropriation now in House committee from \$33,849,000 to \$35,123,000.

"Penn State is the single and only school in Pennsylvania which is wholly supported by the state and we are not making any provisions for new programs," Hays explained.

The measure was sent to committee.

The Senate last night was also asked to approve a \$2,870,000 appropriation for construction of an animal husbandry building at the university.

The measure was sponsored by Sens. Thomas Harney (R-Chester) and John H. Dent (D-Westmoreland).

They also introduced a companion measure to appropriate \$500,000 to the State Agriculture Department for animal husbandry research.
